## INDICTMENT OF PRINCIPALS ONLY LIKELY IN THE CARLETON INQUIRY

Employe - Accomplices in  
Carrying Out Falsifica-  
tions of Audit Expected  
to Get Immunity.

### SEVERAL TESTIFY BEFORE GRAND JURY

Secretary Alfred F. Baggot  
and Cashier Joseph Male-  
cek Regarded as State's  
Chief Witnesses.

As the grand jury investigation  
of the crash of the Ferguson-Mc-  
Kinney Manufacturing Co. draws to  
a close, it is believed that only the  
two principals, Murray Carleton  
and Forrest Ferguson, will be in-  
dicted, and that employe-accom-  
plices, who under instructions car-  
ried out the falsification of com-  
pany records to obtain \$2,300,000  
in loans from banks, will have im-  
munity.

Two reasons exist for withhold-  
ing prosecution of the employes.  
First, they are needed by the State  
as witnesses in prosecuting the  
principals and have shown a will-  
ingness to give this assistance.  
Second, they do not appear to have  
had the motive of personal gain,  
but did as they were told in or-  
der to hold their jobs.

The only indication of possible  
personal profit to the employe ac-  
complices appeared in the pay-  
ment of large bonuses to two em-  
ployees of the Ferguson-McKinney  
Co., Secretary Alfred F. Baggot and  
Cashier Joseph Malecek. Baggot's  
bonus of \$8000 was equal to his  
salary, and Malecek's \$5000 bonus,  
which he has lately returned, ex-  
ceeded his salary. However, the  
giving of bonuses to employes is  
common in Washington avenue  
wholesale establishments.

Baggot Before Grand Jury.  
Baggot, testifying before the  
grand jury yesterday afternoon, is  
believed to have repeated the state-  
ment he made to the banker cred-  
it committee. The committee,  
on the basis of Baggot's declara-  
tions, issued a statement last week  
in which it placed the entire re-  
sponsibility for the unlawful "sit-  
ting" of funds and the falsification  
of records to obtain credit, upon  
Carleton, president of the Carleton  
Dry Goods Co., and controlling the  
Ferguson-McKinney Co., who, at  
the age of 73 is seriously ill in St.  
Luke's Hospital, and Ferguson,  
president of Ferguson-McKinney,  
was held to have had full knowl-  
edge of the unlawful acts directed  
by Carleton.

Malecek was also a witness yester-  
day. At the opening of this ses-  
sion, the third day of the in-  
quiry into the Ferguson-McKinney  
affair, it appeared that the grand  
jury would not get through today,  
and that no action would be taken  
before the next session, which may  
not be held before Tuesday.

At least three witnesses re-  
mained to be questioned, this after-  
noon and later. They were two  
employes of the Ferguson-McKinney  
Co., Robert Stubbs, assistant  
secretary, and Arthur Southward,  
cashier; and E. L. Schroeder, a  
departmental manager of Fergu-  
son-McKinney.

Schroeder, who was familiar  
with the value of the stock on  
hand at the time of the last in-  
quiry, which figured in the  
firm's financial statement, has told  
Receivers Agent of the amount to  
which he is certified, and has said  
that the amount shown in the  
company's statement represents the  
padding of his figures.

### The Probable Charges.

Ample ground for indictment  
on the basis of the transactions  
now exists in Missouri law. Cir-  
cuit Attorney Siders has conclud-  
ed. The statute on which the  
grand jury is most likely to pro-  
ceed is that which makes it a fel-  
ony to misrepresent assets, for the  
purpose of obtaining credit. The  
penalty for violation of this statute,  
on conviction, is a jail or prison  
term, up to five years in the peni-  
tentiary, or a fine up to \$1000, or  
both.

The checks and frauds statute,  
section 1552, may also be used. It  
provides for punishment by im-  
prisonment up to seven years for  
any person who, with intent to  
defraud or to obtain money by  
deception or confidence game,  
uses of the embezzlement statute  
has also been considered, but evi-  
dence of personal defalcation has  
not appeared against Carleton, the

## INDICTED FOR FALSE FINANCIAL STATEMENTS

Officer of Lowell Textile Com-  
pany Accused of Padding  
Assets \$1,000,000.

By the Associated Press.  
BOSTON, Nov. 12.—James A.  
Liddell of Readville, Mass., was  
arrested today on an indictment  
charging falsification of entries in  
financial statements of the Hamil-  
ton Manufacturing Co., a Lowell  
textile manufacturing company,  
with offices in Boston. The com-  
pany was recently reported ap-  
proximately \$1,000,000 below its  
stated financial strength.

## A NEWLY DISCOVERED ELEMENT

WASHINGTON, Nov. 12.—Two  
little pinches of white powder  
sealed in tiny glass flasks, brought  
to the Bureau of Standard and to  
American science today a message  
whose purport only time and pa-  
tient research can disclose.

They were samples of the newly  
discovered element, Hassium, the  
gift of Dr. Niels Bohr of Denmark.  
Scientists long have suspected that  
such a substance existed, but not  
until recently was a way found to  
disentangle it from the other ele-  
ments. Hassium is believed to be  
more plentiful than tin in the  
earth's crust. The uses to which  
it can be put are yet to be dis-  
covered.

## WILL DISCLOSE MARRIAGE OF MAN ON HIS DEATHBED

C. H. Wilson, Retired Laun-  
dry Owner, Left Estate  
of \$50,000 or More to  
Woman He Wedded.

## KEPT PROMISE TO HIS FOSTER MOTHER

Beneficiary Under Docu-  
ment Tells of Taking  
Care of Wilson, Who  
Was 70, Several Years.

To fulfill a promise made to his  
foster mother shortly before her  
death, in 1903, Charles Henry Wil-  
son, 70 years old, a retired  
laundry owner, who died  
Wednesday, and Mrs. Martha A.  
Snyder, 59, with whom Wilson had  
made his home since his mother's  
death, were married Oct. 2, last,  
while he lay on his deathbed in their  
home at 4625 Maryland avenue.

This was revealed yesterday  
when Wilson's will, leaving his  
entire estate, the value of which is  
estimated from \$50,000 to \$100,000,  
to his wife, was filed in Probate  
Court.

The will, however, names "Mar-  
tha A. Snyder" as the sole heir and  
it was made two days prior to the  
couple's marriage, because of the  
refusal of the license clerk to is-  
sue the license without Wilson ap-  
pearing in person to obtain it.

Wilson stated in his will that  
he was leaving his entire estate to  
"Mrs. Snyder" because of "her  
many kind acts to me during  
the many years I made my home  
with her." His estate consists of  
the following: A small house on  
two single flats at 4623 and 4625  
Maryland avenue, a double flat in  
the 5100 block of Kensington  
avenue, and stocks and bonds of  
various kinds, valued at \$100,000.  
All his personal property is in a safe  
deposited in a downtown bank.

Mrs. Wilson plans to open the box  
within the next few days.  
Wilson states in the will that he  
has discussed with Mrs. Snyder the  
making of certain charitable be-  
quests. When seen at her home  
last night by a Post-Dispatch re-  
porter, Mrs. Wilson said she prom-  
ised her husband at the time the  
will was made to leave a certain  
amount, which she declined to dis-  
close, to the Masonic Orphans'  
Home on Delmar boulevard at her  
death.

## Some of Her Kind Acts.

Some of the "numerous kind  
acts" which she bestowed upon  
Wilson were related to the re-  
porter by Mrs. Wilson, a pleasant  
gray-haired woman.

"I attended Mr. Wilson's mother  
for four years prior to her death,  
and after she died he made his  
home with me," she said. "I tried  
to take the place of his mother,  
waiting upon him and preparing  
special dishes for him."  
She said that Mr. Snyder in 1915  
and Mr. Wilson remained in their  
home. Mr. Wilson was killed in an  
accident in 1921 and I then  
started keeping a few boarders, one  
of them being Mr. Wilson. He  
had retired from business and  
spent most of his time attending  
shows and playing billiards. Un-  
till recently was a way found to  
disentangle it from the other ele-  
ments. Hassium is believed to be  
more plentiful than tin in the  
earth's crust. The uses to which  
it can be put are yet to be dis-  
covered.

Mrs. Wilson has reared one  
orphan boy, now 22. From early  
childhood, and has another 10-  
year-old lad for whom she is car-  
ing now. In a rear room of her  
large flat is an 84-year-old man,  
an invalid, for whom she has been  
caring without any remuneration,  
for the last two years.

"He would have to go to the  
poorhouse if I turned him out," she  
said.

## FIGHT TO EXCLUDE LOVE LETTERS TO RHINELANDER VAIN

Pleas of Defense to Keep "Fifth Out of Case" Are Overruled by Judge in Annulment Suit.

MISSIVES MINUTELY ANALYZE ROMANCE

Plaintiff Sits in Dumb Torture as Words of Wife With Negro Blood Flashed From Attorney's Lips.

By the Associated Press.

WHITE PLAINS, N. Y., Nov. 13.—The first communication from Leonard Kip Rhinelander to Alice Beatrice Jones, daughter of a New Rochelle negro taxicab driver, to be read in his suit for annulment of his marriage to her was a telegram asking her to visit him in San Francisco in 1922. This was two years before their marriage.

The message read today said: "Will be in San Francisco for at least two weeks, as my pal is in the hospital undergoing an operation. If you can possibly arrange to come, take train that arrives in four days. Wire me at CHiff Hotel."

Mrs. Rhinelander was unable to come and wrote him to that effect the following day. In her letter, read into the records, she said she was celebrating his birthday and had bought a birthday cake, as he had requested. "I had your place all set as if you were coming," she said.

Under date of May 14, 1923, she wrote: "I often wonder writing the name Rhinelander if I ever will be Mrs. L. K. Rhinelander. How proud I would be."

In another letter, from Paul Smith, N. Y., undated, she told of meeting a "Harvard man" and telling him she was of Spanish extraction. "He is a Harvard man, but seems refined," she wrote, while the courtroom roared in laughter.

In January, 1922, she wrote saying that she had been very ill. She also said her folks had told her that he only wanted her for pastime.

Reporter on Stand.

In all, 15 of Alice's letters were read at the morning session when young Rhinelander left the stand for a short time to permit William Lawby of Brooklyn, a newspaper reporter, to testify.

Lawby said he interviewed the couple at the Jones home after the first published reports that young Rhinelander had married a negro, and that Alice told him she was not of negro parentage.

Among other letters that have been previously introduced was one in which Alice wrote: "To think that you were taken away from me makes me so unhappy." Davis pointed out that the words, "taken away," were underlined.

In another letter Alice said: "Kitty (a friend) tried to coax me away from you by saying you were more equal to society girls who were used to millions. I hope to be used to millions myself some day."

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Nov. 13.—The love match between Leonard Kip Rhinelander, youngest son of an old aristocratic family, and Alice Beatrice Jones, uncultivated daughter of a negro taxicab driver, was minutely analyzed yesterday before Supreme Court Justice Morschauser and a jury in New York.

Isaac N. Mills, counsel for Rhinelander, who is suing for annulment of marriage on the ground that his wife deceived him into believing her white, was the analyst.

White-haired and soft-spoken, he stood in a crowded courtroom and smilingly dangled before the fascinated by the ugly things that the dissection of the romance produced. The operation consisted chiefly of reading into the record almost 80 letters which Rhinelander identified as written to him by his wife before their secret marriage, Oct. 14, 1924.

Objections by Defense.

Many of the passages read cannot be published. Parsons Davis, attorney for Mrs. Rhinelander, protested in vain against the exhibition of the letters.

"I want to repeat what I said in my opening, that I am desirous of keeping fifth out of this case," he declared.

"That is all right," Mills replied softly, with a little smile. "What I wish now is that you would give me the corresponding letters from Mr. Rhinelander to the defendant."

"I'll take that up when I cross-examine this young man," Davis replied, pointing at Rhinelander, adding grimly, "I'm sorry to have to do it."

## Rhinelanders' Bride With Her Father and Mother

Mrs. Alice Beatrice Jones Rhinelander (left), and Mr. and Mrs. George Jones in court during the hearing of Leonard Kip Rhinelander's annulment suit.

flood of some of the most remarkable evidence ever read in an American courtroom.

Once Davis rose and moved to strike the filthy part from the letter just read.

"Motion denied," said Justice Morschauser.

"I object to the unnecessary spreading of filth upon the record," he persisted, "and on the definite ground it is not within the issues. The only issue here is whether this girl told Rhinelander she was not of colored blood and whether he believed her. There is no need of spreading this filth on the record."

"Motion denied," Justice Morschauser repeated, and Davis, after obtaining an objection to all the letters, sat down, his lips pressed grimly together.

The reading of the letters had a devastating effect upon Rhinelander and his wife. The former, except for the brief moments when he identified the letters, sat in dumb torture in the witness chair, face set in rigid lines and head averted, so that his eyes could not by any chance see his wife seated directly in front of him. His eyes were closed and his arms tensely folded over his chest.

At the end of the day the most intimate details of his premarital associations with the girl had been bared.

Wife's Attitude.

Mrs. Rhinelander's attitude was a startling change from the day before, when she had begun the story of their romance, she had at a hard, tense figure, subjecting him to a steady, speculative stare.

Whatever her speculations, she had apparently found the answer for yesterday she was a huddled, dispirited heap, glancing at her husband only occasionally and watching his counsel open the door to the most intimate secrets of her life with an air of helpless surrender to an overpowering fate.

A heavy gold wedding ring was visible on her finger as she toyed with a handkerchief or drank from a glass of water.

While the letters demonstrated beyond doubt that Alice Beatrice Jones loved Rhinelander and wanted him more than she had ever wanted anything else, they also indicated that at times she had doubts about their ever being permanently together. But invariably such doubts would later in the same letter be engulfed in expressions of her delight over memories of meetings with Rhinelander in the Hotel Marie Antoinette, Manhattan.

The first letter read yesterday was dated Dec. 9, 1921, before she and Rhinelander had gone to the Marie Antoinette.

"Think of Me This Evening."

"My own dearest Leonard," she wrote, "just think of me this evening being heart-stones. Mother and father and sister Emily and her husband have gone to Westchester to see Buddies—and I am here alone, thinking of you dear heart."

"I said to myself when they were going out of front door, I only wished Leonard was coming down this evening. How I would caress you dear. Because you no I love for me to caress you dear. Well sweetest, I shall come to a close and will start and retire for the night, nothing to stay up for Leonard, so good night Leonard, dear sweetest, sweet kisses, honey bunch, Love, Alice."

Rhinelanders, following the reading of similar letters, was asked when he had finally left the ranch school in Arizona to which he had been sent after his father's lawyer had discovered him with Alice in a room in the Marie Antoinette in the later part of January, 1922.

He answered, with stammer more pronounced than the day before, "I was here and returned East in April, 1924."

"Prior to going to the Marie Antoinette had anything been said about the defendant and you about marriage or an engagement to marry?" asked Mills. "Nothing," answered Rhinelander.

"When you came back from the school did you consider yourself engaged?" "Yes."

Came Into \$250,000.

Rhinelanders testified he came into approximately \$250,000 in

June, 1924.

Q. Have you, yourself, out of that money, paid the expenses of this action? A. No.

Mills then asked Rhinelander if he had transferred certain mortgages to Attorney Jacobs to pay for the action, and Rhinelander said he had.

"Did you intend to marry the plaintiff?" asked Mills. "I did," answered Rhinelander.

Q. Did you love her? A. I did. Q. You knew the social position of the Jones family? A. I did. Q. Had seen all the members? A. Yes.

Q. Knew in a general way their financial condition? A. I did. Q. Was there any talk before marriage about the question of their color? A. Yes.

Q. Tell us when it was and what it was. A. Between the months of May and September, 1924, in the presence of Alice and Mr. and Mrs. Jones. Mrs. Jones told me they had done everything in their power to prevent Emily from marrying Brooks, but seeing that it was of no avail, they denied Emily and Brooks the house for two years. They said the first time they ever saw colored people was when their arrival in America, when they were walking down Sixth avenue. They were surprised and didn't know what they were. Alice entered the conversation then and said: "Of course we are not colored. I've never associated with colored people and I never will."

Emily's Marriage.

Emily is the oldest daughter of the Joneses and was married to Robert A. Brooks, a negro butler. She and her husband sat in the front row of spectators while Rhinelander testified.

Q. Did you believe that statement when Alice and her mother made it? A. I did. Q. Was anything ever said by Alice or her mother about being of Spanish extraction? A. In one of her letters she told me she had become acquainted with a Harvard man in the Adirondacks. He asked Alice, "What are you?" and Alice replied, "I am of Spanish extraction."

Rhinelanders then told how he and his wife were interviewed by reporters a month after their marriage when it became known and the charge was printed that Mrs. Rhinelander was a negro. When his wife had seen the newspapers he declared she had said "This is terrible! It isn't true." Later she told reporters, he said, that she was going to sue the newspapers, through her attorney.

Rhinelanders did not leave his wife until Nov. 20, he said, and when Jacobs visited him the Sunday before and asked him if he had married a negro he said he replied, "No."

"Began to Have Doubts."

When he left his wife, Rhinelander said, he had begun to have doubts in his mind regarding her color, but he was not finally convinced until Jacobs showed him Mrs. Rhinelander's birth certificate, in March of this year. The authentic papers were served upon him on Nov. 26, 1924.

"If you had known what you know now, that she is of colored blood, would you have married her?" answered Rhinelander. "Absolutely not," he said.

Q. Did you believe her statements she was white? A. I did. Q. Alice believed her?

Q. You trusted her implicitly? A. I did.

A letter dated March 25, 1922, and addressed to Rhinelander in Washington, D. C., by Alice, was read into the record.

"My dearest Leonard," it read, "Received one of your sweet letters, one Saturday morning, and got a letter and postal souvenir which you sent me dear in the afternoon. It is so good to get letters from you dear. \* \* \*

No Leonard dear I am never disappointed with you only as long as I hear from you once a day. But yet I love to hear more. \* \* \*

cheers you, up as for your dear, that makes me very happy. \* \* \*

There was a nice young chap came here the other day, of Mr. Hubbard's and he wanted me to make a date with him. I said no I had one what I really cared a lot for and did not want to worry my time on no one else, because I loved my boy, because as you say darling true love never fails. \* \* \*

You made me feel so happy today saying that you love me. The same dear love I have for you. \* \* \*

Well dearest shall close lots of kisses and a big hug to my love one. Yours as ever, Alice."

Italy To Increase PAYMENT ON DEBT EVERY FIVE YEARS

Continued From Page One.

French. Many of those residing in America who sympathized with Germany in the war have not forgotten France.

But the American commission which is nonpartisan, takes the position that France can really pay, that she has a trade balance of \$229,000,000 a year, that she has iron and coal from the Ruhr and other resources which make it possible for her to do not as well as the British, but certainly to pay on a basis of 31 per cent cancellation.

Payments Increase Every Five Years

By CHARLES MICHELSON, Staff Correspondent of the Post-Dispatch and New York World.

WASHINGTON, Nov. 13.—Italy has accepted the American proposal for the settlement of her war debt to the United States. The formal signatures will be appended tomorrow.

Italy is to pay \$5,000,000 a year for five years, with an increase every five years thereafter until in the sixty-second year she will clean up the total with a payment of \$80,000,000.

The principal is taken as \$2,442,000,000. That is, the original amount of the debt, \$1,648,000,000, is to be increased by interest at 4 1/2 per cent up to December, 1924, and then by 5 per cent thereafter, which gives the basis of this agreement.

The concession to Italy's capacity to pay comes in the interest during 57 years which has been out to a nominal figure. One-eighth of 1 per cent for the next ten years, one-half per cent for the next ten, 1 1/2 per cent for the third decade, 2 per cent for the fourth decade and 3 per cent for the last seven years, which gives the general average of about nine-tenths of 1 per cent.

Total Payment \$2,407,000,000.

The total of interest and principal which is to be paid out in 62 years is \$2,407,000,000. If Italy had been held to the British terms with interest at 3 1/2 per cent, she would have paid something like \$2,500,000,000 in the 62 years.

Reason for Low Terms.

In the formal presentation prepared by the Treasury Department this explanation is made for the extraordinarily low terms made with the Italians:

"The commission has made a most exhaustive examination of Italy's fiscal and economic situation. Italy is poor in natural resources. The visible balance of trade is adverse: Food to support her rapidly growing population, coal, iron, and ore, and copper, have to be imported. Her future depends upon the development of her industry and the labor of her people."

It is felt that the settlement lays a heavy burden upon the Italian people, as we are justified in imposing and represents capacity to pay."

The final proposal represents a victory for Senator Smoot and Secretary of Commerce Hoover, who held out against extending the time of payment to 70-odd years, as the Italians wished.

President Coolidge, Secretary Mellon and Count Volpi will sign the agreement tomorrow. Payments begin next year.

Details of Payment.

The payments will run this way:

## MCKINNEY'S FAMILY AMONG HEAVY LOSERS

Widow and Daughter Held \$128,000 in Stock in Carleton Dry Goods Co.

Among those stockholders who have lost heavily through the liquidation of the Carleton Dry Goods Co. are Mrs. Byrd A. McKinney, 5648 Kingsbury avenue, and Mrs. Regina McKinney Fisher, 5638 Cates avenue, widow and daughter, respectively, of Charles S. McKinney, one of the founders of the Ferguson-McKinney Dry Goods Co., now bankrupt.

The Ferguson-McKinney company was founded in 1899 by Forrest Ferguson and Mr. McKinney, who became president and vice president, respectively. Mr. McKinney died at the Mercantile Club, following a heart attack, on Dec. 5, 1912. At that time the company was one of the largest wholesale dry goods companies in the West, and had no connection with the Carleton Dry Goods Co.

Mr. McKinney willed the bulk of his estate in equal shares to his widow and daughter. An inventory filed by Mrs. McKinney as executrix, showed an estate of \$130,000, including 100 shares of Ferguson-McKinney stock with a par value of \$100,000. A supplementary inventory, filed in 1914, listed 495 shares of first preferred stock of the Carleton-Ferguson Dry Goods Co. and 405 shares of second preferred of the same company, their par value being \$90,000. The Carleton-Ferguson company was a holding company, formed after Mr. McKinney's death, for the Ferguson-McKinney and Carleton companies.

To pay claims against the estate, Mrs. McKinney sold 495 shares of Carleton-Ferguson second preferred for \$47,500, or \$135 less than par. The stock left in the estate, with a par value of \$128,000, was distributed to Mrs. McKinney and Mrs. Fisher.

About a year ago they received notice that the affairs of the holding company were being wound up, and they had the option of exchanging their holdings for Ferguson-McKinney or Carleton stock. They selected Carleton.

Had they taken Ferguson-McKinney stock they would have lost their whole investment. As Carleton stockholders they have received 45 1/2 cents on the dollar and may receive a few cents more in final liquidation.

U. S. APPLE CROP IS ABOVE AVERAGE FOR FIVE YEARS

By the Associated Press.

WAKEFIELD, Mass., Nov. 13.—Based on virtually completed harvest returns the country's commercial apple crop somewhat exceeds last month's estimates in nearly all important apple regions, the New England crop reporting service of the U. S. Department of Agriculture announced today.

Northwest box apple states, except Idaho, however, appear to have harvested slightly smaller crops than were indicated last month.

The total crop for all States is 37,900,000 bushels, or 10 per cent more than last year and is 3 per cent greater than the five-year average. The estimated total crop is 31,312,000 bushels, as compared with 28,701,000 last year and 30,088,000 the five-year average.

For the first five years, \$5,000,000; from the sixth to the fifteenth years, \$14,000,000 to \$18,000,000; from the sixteenth to twenty-fifth years, \$20,000,000 to \$25,000,000; from the twenty-sixth to the thirty-fifth years, \$25,000,000 to \$30,000,000; from the thirty-sixth to the forty-fifth years, \$30,000,000 to \$35,000,000; from the forty-sixth to the fifty-fifth years, \$35,000,000 to \$40,000,000; from the fifty-sixth to the sixtieth years, \$40,000,000 to \$45,000,000; from the sixtieth to the sixtieth years, \$45,000,000 to \$50,000,000. The total interest included in these annuities is \$755,000,000, of which about \$400,000,000 is accrued, leaving \$355,000,000 as the interest from now on.

Italy Expected to Negotiate Loans.

NEW YORK, Nov. 13.—With the ban on Italian financing lifted by the agreement reached at Washington for a settlement of Italy's war debt to the United States, bankers expect a loan of \$50,000,000 or \$100,000,000 to the Italian Government, and at least \$50,000,000 of industrial bond issues to follow within a short time.

New financing for the Italian Government will be used to strengthen its financial position and to carry out a restoration of the gold standard and a probable revaluation of the lira. Of the money to be obtained, \$50,000,000 will be required to absorb a loan for hydro-electric development. Co. last summer to a consortium of Italian banks for exchange stabilization purposes.

No formal application for a loan has been received by the American bankers, but it has been known for some time that a careful financial program had been devised in Italy, to be put into effect as soon as a debt settlement had been arranged.

Considerable new financing already has been discussed for Italian industries, contingent upon a debt settlement. One of the first of these loans will be a bond issue for hydro-electric development, which will probably be about \$12,000,000 and may be expanded to more than \$30,000,000.

## NEW POSTMASTER NAMED IN E. ST. LOUIS

A. E. Meints Succeeds Faulkner, Who Had Support of Former Congressman.

Albert E. Meints, an East St. Louis real estate dealer, was today appointed Acting Postmaster of East St. Louis to succeed John J. Faulkner, whose term expired Nov. 8. Meints will serve as Acting Postmaster until the Senate can confirm his appointment. Congress convenes next month and it is likely that his appointment will be presented for ratification immediately.

It is understood that Faulkner, who has held the office since 1921, was a candidate to succeed himself, but was opposed by Congressman Irwin of Belleville, who recommended Meints. Faulkner had the support of Edward E. Miller of East St. Louis and William R. Rodenberg of Washington, D. C., both of whom are former Congressmen from the district in which East St. Louis is located.

In June, 1924, Assistant Postmaster William Buschman of East St. Louis, an appointee of Faulkner, was arrested and charged with embezzlement of \$2917 from post-office funds. He made restitution and the case was dismissed.

Meints was a member of the Board of Trustees of the East Side Levee and Sanitary District which went out of office Dec. 1, 1924, and was recognized as one of the most bitter opponents of Project No. 12, the \$5,000,000 "Baby Panama" drainage canal adjacent to East St. Louis and surrounding community.

Meints said today he is awaiting receipt of papers officially notifying him of his appointment before taking office. He has been advised by telegram that the papers will arrive within the next few days. The salary of the office is \$3000 annually.

PRINCIPALS ONLY IN CARLETON INQUIRY MAY BE INDICTED

Continued From Page One.

indications being that the large sums obtained by him from banks were lost in the conduct of an unprofitable business. In Ferguson's case the withdrawal of a total of \$439,000 by means of 10 O U slips from Ferguson-McKinney and its subsidiary, the Alligator Co., has been shown, and Ferguson has refused to discuss these withdrawals or to tell what was done with the money.

As was told in yesterday's Post-Dispatch, \$729,000 which is due to the Carleton Dry Goods Co. from the Carleton-Ferguson Co. remains unaccounted for. The balance sheet of the Carleton Dry Goods Co., issued to stockholders Wednesday, shows the amount due from Carleton-Ferguson, which is a paper company, a holding concern for the Carleton Dry Goods and Ferguson-McKinney Cos. The \$729,000 is part of a large sum taken by Carleton from the funds of the Carleton Dry Goods Co. for the benefit of Ferguson-McKinney between September, 1924, and last February. The Carleton Dry Goods Co. is now in liquidation, and stockholders have received 45 1/2 cents on the dollar. The missing amount would make it possible for them to receive about 20 cents more on the dollar. Assets remaining are estimated at 6 cents on the dollar, of the \$4,000,000 common stock.

Ferguson-McKinney Loan Charged off by One Bank.

The Liberty Central Trust Co. has charged off the \$100,000 owed to it by Ferguson-McKinney on a demand note, at the time of the crash, according to an announcement made by F. E. Gunter, president of the trust company. Gunter said that recoveries of amounts previously charged off, in the month of October, had been sufficient to cover the entire amount of the loan by the Ferguson-McKinney collapse. Any amount later realized from the Ferguson-McKinney assets will be an additional recovery for the trust company.

The Liberty Central held a \$200,000 note of Ferguson-McKinney, but a \$100,000 payment was made in September.

Arkwright Realty Co. Included in Ferguson-McKinney Assets.

The Arkwright Realty Co., of which Forrest Ferguson is president, is included in the assets of the Ferguson-McKinney Manufacturing Co., now in the hands of a receiver. It is capitalized at \$200,000. The Ferguson-McKinney Co. holds its entire \$100,000 of common stock and \$75,000 of its \$100,000 share of preferred.

Bonds, secured by three large buildings owned by the plant, are outstanding, amounting to \$255,000 and \$25,000 of the preferred stock is held by the public.

The Arkwright Co. was organized May 27, 1908, taking over the properties of the Central Real Estate Investment Co., of which Ferguson had been president since 1908.

## FUNERAL TOMORROW OF MRS. LOUISE LUDWIG SMITH

Services to Be Held at Home of Sister, Mrs. Louis Barklage, 6185 Kingsbury.

Funeral services for Mrs. Louise Ludwig Smith, who died Thursday at her apartment at the Washington Hotel, will be held at 2:30 p. m. tomorrow from the home of her sister, Mrs. Louis Barklage, 6185 Kingsbury boulevard.

Mrs. Smith was the daughter of Dr. Charles V. F. Ludwig, a prominent St. Louis physician, before his death, 20 years ago.

Mrs. G. P. Centanni of Venice, Italy, until her death a year ago a singer in Metropolitan Opera under the name Jane Noria, was a sister of Mrs. Smith, before her marriage being Josephine Ludwig.

Her husband, Frederick; two sons, Charles of Detroit and Frederick Jr. of Belleville, Ill., and two sisters, Mrs. Barklage and Miss Emily Ludwig, survive.

Capt. David Shaw, Turfman, Dies.

CLEVELAND, O., Nov. 13.—Capt. David Shaw, 86 years old, harness horse owner, and a famous amateur driver of his own trotters and pacers, died today at his home in Lakewood, a suburb, after a week's illness. Capt. Shaw came to this country during the Civil War, settling in Pittsburgh, Pa., where he accumulated a large fortune in the manufacture of crucible steel. He sold out his interests 25 years ago.

1902. The Arkwright Co. was capitalized at \$200,000, half common and half preferred.

It owns three buildings. One at Thirteenth street and Lucas avenue, occupied by the Elder Manufacturing Co., at a rental of \$20,000 a year, is assessed at \$174,100. The second is the Carleton warehouse at 917-23 Lucas avenue, an eight-story structure, leased to the Carleton Dry Goods Co. at \$12,000 annually, plus taxes, is assessed at \$55,000.

The third is the plant of the Alligator Oil Clothing Manufacturing Co., bounded by Gravois and Bingham avenue and the Missouri Pacific Railroad tracks, including a lot of 355 feet by 150 feet. This property, from which a \$26,000 annual rental, plus taxes, is derived, is assessed at \$233,350.

Ferguson declined to discuss the stock ownership in the Arkwright company or any phase of its business. Officers of Ferguson-McKinney Company will participate in the assets of the Arkwright Company only after bondholders and that portion of preferred stockholders other than Ferguson have been paid.

## SEIZURES DISCLOSE ORGANIZED SALE OF SPOILED FOOD

21,757 Pounds of Decomposed Supplies Were Held in Warehouse Here for Red Line Products Co.

### BUREAU CHIEF TELLS OF METHODS

Says Seven Men in Field Located Unsuitable Stocks to Be Disposed of at Auction.

Widespread and organized methods of distributing foodstuffs unfit for human consumption were disclosed yesterday by seizure, under orders of the Government pure food and drug station in the Customs House, of 21,757 pounds of rotting mince meat and wormy dried apples, peanuts, noodles, spaghetti, and hominy grits, held at the A. A. Selkirk warehouse for the Red Line Products Co., Memphis.

This made a total of 21,757 pounds of such foods, including wormy raisins and decomposing condensed milk, anchovies, lima beans and tuna fish in cans, all held here for the Red Line concern, which has been seized since Wednesday of last week. The seizures were made at the same warehouse, but the auction company, after seeing the nature of the goods, had refused to sell it.

E. R. Smith, chief of the St. Louis bureau pure food station, which covers Missouri, Arkansas and Southern Illinois, said that St. Louis was but one of six distributing stations. "The thing is national in scope," he remarked, "and drastic action is imperative to avert flooding of the country with inedible foodstuffs. Some of the canned goods was in about the worst state of decomposition I have ever seen."

**Tells of Methods.**

The Red Line Products Co., Smith said, is owned by the Plough Chemical Co. of Memphis and is a distributor of extracts. He said that for two years the concern had been operating on this system:

Seven men in the field located unsuitable stock, which, Smith judged, generally consisted of spoiled foodstuffs. For \$1000 cash and \$1000 in such unsuitable stock, figured on a basis of cost plus 10 per cent, the Red Line concern would forward \$2000 worth of its extracts. The unsuitable goods would be shipped to a designated auction house in Chicago, St. Louis, Houston, New York City or Kansas City or to the Red Line offices in Memphis. It would be sold on the basis of 75 per cent for the auctioneer and 25 per cent for the company.

"I attended one such auction, which was stopped by our seizure of the goods," Smith related. "It was largely attended by retail storekeepers of St. Louis and East St. Louis, and by the proprietors of boarding houses. It is my impression that St. Louis was considered a fertile market for goods unsuitable elsewhere. However, the Government nipped it in the bud—I do not believe any of the stuff has actually been sold here."

**Prosecution Planned.**

The Red Line company, he said, probably was protected, since, in no local case was it the shipper of the objectionable goods, and its contract, to be signed by the shipper, carried a guaranty of conformity with pure food laws. But, he added, prosecution of the shippers was contemplated.

The goods seized here came from three grocery concerns in Kentucky—one in Illinois and one in Nebraska. Penalty for the first such offense is limited to a \$200 fine and for the second it may be a \$200 fine and a year's imprisonment. Other food and drug stations have been notified to be on the lookout for such shipments.

**Drowns Trying to Save Child.**

EDMONTON, Alberta, Nov. 12.—Clasped in each other's arms in Pyramid Lake, the bodies of Mrs. Darrell Shaver and her 5-year-old son were found. He had fallen through thin ice and she tried to rescue him.

## HOMEcoming CROWDS POUR INTO COLUMBIA

Preparations Made for Record Throngs at Missouri-Oklahoma Football Game.

A Staff Correspondent of the Post-Dispatch.

COLUMBIA, Mo., Nov. 12.—University of Missouri graduates and students are pouring into Columbia by train and automobile today and tomorrow for the annual homecoming today and tomorrow which has as its central attraction the Missouri-Oklahoma football game on Rollins Field, tomorrow afternoon. Fraternity houses, clubs, hotels and boarding houses have made preparations for a record influx of visitors for whom there has been prepared a program of entertainment calculated to insure up to the occasion.

Homecoming day, as a device to attract interest in the school, is held here to have had its origin in the West universities about 10 years ago and the idea now has been universally adopted.

Receptions for Alumni. Each division of the University of Missouri will hold a separate reception for its alumni and former students. The College of Arts and Science will have a booth for registration tomorrow morning and Dean F. M. Tiedel will be there with other representatives to meet the alumni.

The annual meeting of the alumni association of the School of Law will be held in the Law building tomorrow morning. Arrangements for the meeting have been made by Walter C. Goodson of Macomb, president of the Law Alumni Association, and Ben Ely Jr., Hannibal, Mo., secretary. Dean J. P. Baine will make the welcoming address and arrangements are being made for a few speeches by alumni. The annual election of officers will be held and matters of interest to the law alumni will be discussed.

Miss Sara Lockwood, secretary of the Journalism Alumni Association, will meet the alumni and former students of the School of Journalism in Neff Hall at 9 o'clock on homecoming morning, and participate in a Journalism "and shake." Rex B. Magee of Jackson, Miss., president of the Journalism Alumni Association, will preside, with Dean Walter Williams acting as chief handshaker.

Dean F. A. Middlebush of the School of Business and Public Administration has issued an invitation to all of the alumni and former students of the school to come back to the University and Columbia for homecoming. He will meet alumni and former students in the school's building from 10:45 to 12:45 on homecoming morning and at that time perfect a permanent organization of the alumni and former students of his division.

"Ag" Alumni to Meet.

Dean F. B. Mumford and Mrs. Mumford of the College of Agriculture, together with W. A. Coel, Kansas City, and P. F. Sheward of Columbia, president of the Agricultural College Alumni Association, will hold a meeting and formal reception in the library of the new Agriculture building from 9 to 10:45 on homecoming morning. All "Ag" alumni and former students are expected to attend.

A meeting for organization of former students in the Graduate School will be held in the corridor of the Hall from 9 to 10:45 on homecoming morning. The purpose is to bring graduate students together and to promote interest in graduate work among the friends of former students. Acting Dean Mumford will be present to receive former students.

Tonight at a great mass meeting in Rollins Field 8000 to 10,000 persons are expected to be at the stadium when a detail of buglers play "Taps" from the Memorial tower, the alumni tribute to the slain in the great war.

As to the football game, Missouri's conference-leading Tigers are taken to Fulton, 25 miles from Columbia, for final conditioning today. Oklahoma eleven and a large contingent of student supporters are expected by special train late today. Tomorrow the two teams will meet for Missouri Valley supremacy.

### UNITED ARTISTS AND METRO PLAN FILM RELEASE COMBINE

Douglas Fairbanks Forecasts Deal Bringing Great Number of Stars Into One Organization.  
LOS ANGELES, Nov. 12.—The Los Angeles Times quotes Douglas Fairbanks as saying an amalgamation of the releasing systems of United Artists and Metro-Goldwyn-Mayer "probably will be agreed on here" within a few days, and that a conference of interested parties has been called for Sunday.

The proposed merger would involve millions of dollars and would bring an unprecedented number of stars into a single organization — Douglas Fairbanks, Mary Pickford, Norma and Constance Talmadge, Buster Keaton, Rudolph Valentino, Charlie Chaplin, Gloria Swanson, Thomas Meighan, Ronald Coleman, Vilma Banky, Jack Gilbert, Norma Shearer, Lew Cody and others.  
Bales Heads Prison Association.  
JACKSON, Miss., Nov. 12.—Sanford Bales of Boston, State Commissioner of Correction, was elected

president of the American Prison Association here yesterday to succeed Dr. Frank Moore of New Jersey. The new president was a delegate to the International Prison Congress in London last summer and was chairman of the Committee on Criminal Law and Statistics.  
Ben Turpin Has an Operation.  
By the Associated Press.  
SANTA BARBARA, Cal., Nov. 12.—Ben Turpin, moving picture actor, was operated on here for appendicitis yesterday. He came from his Hollywood home for the operation. Mrs. Turpin died recently.

Kansas City 8-Cent Fare Extended.  
By the Post-Dispatch.  
JEFFERSON CITY, Nov. 12.—The State Public Service Commission today extended for six months the period in which the Kansas City Railway Co. may charge an 8-cent street car fare. The extension dates from Nov. 13, and was not opposed by Kansas City officials. Several such six-month extensions have been granted by the Public Service Commission pending reorganization of the street car

company now in receivership. A hearing on the proposed reorganization plan is set for Nov. 17 before the commission. The present scheduled fares include an 8-cent single fare, two tokens for 15 cents and five tokens for 35 cents.  
Charge Against Striker Dropped.  
A charge of common assault against Miss Mary Nichols of 4265 Olive street, growing out of a strike at the Curlee Clothing Co. last summer, was dismissed today in Judge Gayer's Court of Crim-

inal Correction upon payment of costs. Miss Nichols, a striker, was charged with hitting Miss Gladys Morris of 6026 North Broadway, an employee of the company, in one of the numerous street quarrels that arose during the strike. The date of the alleged offense was June 24.

The Curlee strike has been settled.

## ARGUMENT CONTINUES IN STEPHENSON TRIAL

Madge Oberholzer Murder Case Will Be Given to Jury Tomorrow.

By the Associated Press.  
NOBLESVILLE, Ind., Nov. 13.—In connection with the death of Miss trial of D. C. Stephenson, Earl Klenck and Earl Gentry continued today. The three men are charged with first degree murder in connection with the death of Miss Oberholzer, who is alleged to have been kidnapped and assaulted by them last March 16. The woman took poison at Hammond, Ind., the day after the alleged abduction.

Charles E. Cox, special state counsel, resumed his plea for conviction of the former Indiana Ku Klux Klan leader and his bodyguards, when court convened today, and Floyd Christian, of defense counsel, followed him.

"All three of these men must pay the extreme penalty else the law expresses itself subordinate to D. C. Stephenson, the moral degenerate, subordinate to a pervert—a beastly chieftain of the Middle Ages," Cox exclaimed.

Turning to Klenck, the attorney shouted: "Look at the sardonic grin on the face of him—the man of granite, the gorilla—Klenck."

Eph Inman, chief of defense counsel, objected.

"You must not refer to the looks of the defendants," Judge Sparks told Cox. He instructed the jury to disregard the statement.

"They would try to make you believe that Madge Oberholzer was a bad woman," Cox continued. "If she were, do you believe she would not be alive today? Madge Oberholzer took poison under mental compulsion."

"Are you going to let this unparalleled, unequal painter of words, of wonderful presence and wonderful language write the mark of the serpent letter on the character of Madge Oberholzer?" he asked, pointing to Inman.

Men, women and children fought their way into the courtroom to hear the final phases of the trial. Cox referred sarcastically to the defendants as "these knights, pledged to defend the honor and the sanctity of woman."

Floyd Christian for the defense denied the defendants were guilty of murder.

"Was Madge Oberholzer murdered?" he asked. "This is not the story of Madge Oberholzer. It is the story of the little fellow sitting over there. I mean Asa Smith, and that old vulture Griffith Dean. They wanted to shake down Stephenson. It was Smith's hand that wrote that story. It's false throughout."

"Why didn't she tell this amazing, intimate story to her mother instead of giving it to a bunch of lawyers?" asked Christian.

The case is expected to go to the jury tomorrow, after the reading of instructions by Judge Sparks.

"Destroyer of Virtue."  
Stephenson was denounced as a "man who holds himself above the law and destroyer of the virtue of women" by Cox in his argument yesterday. Klenck was described as a "gorilla" and Gentry as Stephenson's "iron man" and "sluicer."

Cox walked over to the defense table and shook his fist at the defendant.

"Your lawmakers ran to Stephenson's office day after day during last session of the Legislature," Cox told the jury. "He ran Marion County (Indianapolis) in the primary of 1924. He was constantly busy selecting men to fill public offices."

"A greater duty rests upon you than the mere trying of these men for murder," he continued. "Stephenson repeatedly has said, 'I am the law in Indiana and the government in Indiana,' and there was truth in that. More important than the punishment is the destruction of him who holds himself above the law."

Ira Holmes opened the argument for the defendants, and touched upon Miss Oberholzer's dying declaration. He said it was "not Madge Oberholzer's statement. It was prepared by Asa Smith and Griffith Dean (Indianapolis attorneys), who admitted they had some kind of a case against Stephenson."

In Defense of Klenck.  
But even upon it, he insisted, there lay no basis for Klenck's conviction.

The woman had ample opportunity to attract attention, Holmes told the jury, between the time she left Stephenson's home and the time she reached the hotel at Hammond. At Union Station in Indianapolis, he said, she could surely have summoned aid if she had desired.

Whatever the humanitarian responsibilities of his clients might have been, he insisted, they had violated no law in their failure to minister to her as fully as they might have after learning of her suicide attempt.

The dying declaration was read by Prosecutor Remy in beginning the final arguments. The contention that Miss Oberholzer was a voluntary member of the party to Hammond was disproved, he said, by Gentry's presence in the Pullman drawing room with Stephenson and Miss Oberholzer, and by the fact that Stephenson had a pistol drawn in the compartment.

Wife Gets Errant Husband's Farm. GALESBURG, Ill., Nov. 13.—Practically all of his farm land and personal property has been turned over to his wife by Herschel Watkins of London Mills, who eloped with his farm hand's wife. The settlement was affirmed in court here today.

## CITY CLUB PLANS TO SELL BUILDING TO ITS MEMBERS

Refinancing Proposal Will Be Considered at Meeting After Luncheon Next Tuesday.

A special meeting of the City Club membership has been called for next Tuesday, after luncheon, to consider the proposal of a Special Finance Committee that the club's new 15-story building at Eleventh and Locust streets be sold to a corporation in which club members would hold the stock, as a measure of refinancing, made necessary by lack of working capital.

Officers of the club, which moved to the building from its old home on the top floor of the Board of Education Building, Jan. 1, 1924, declare that it is in no financial danger and that operating expenses now are being met by income. Negotiations have been consummated whereby the heavy burden of retiring the first mortgage loan has been reduced.

Announcement of the proposed plan has caused lively discussion in the club and some opposition.

**About 100 Resignations.**

As a result, about 100 members have resigned, leaving a membership of about 2500, and it is expected by officers that there may be a few additional resignations. The peak of membership in 1924, after a campaign, was about \$400.

The Special Finance Committee was appointed several months ago, when it became apparent that heavy expenses incurred in early management of the new building, heavy carrying charges, and failure to realize all the income that had been counted on were combining to make the financial condition weak.

It was found by the committee that the club assets, as of Sept. 30, amounted to \$1,813,153.10, of which \$1,767,244.88 represented value of the building, site and furnishings, with only \$2,148.79 in current assets and \$13,739.43 in deferred charges and other assets. The liabilities included \$1,510,625 on the club's home and \$171,473.42 current liabilities.

**Early Expenses Heavy.**

A large part of the current liabilities, it is stated, was the result of unusually heavy expenses in the early management.

As a result of this financial condition, the committee found, working capital is lacking.

Erection of the building was financed by a loan of \$1,050,000 from the International Life Insurance Co., under first mortgage. The principal of this was to be repaid in 20 annual installments of \$52,500, ending in 1944. The club has arranged with the insurance company to waive the 1925 payment of principal for the time being and to accept annual payments of \$25,000 a year hereafter, but with the balance to be paid in full in 1944.

Interest on the first mortgage is at the annual rate of 6 per cent, and in addition the club is paying \$30,000 a year interest on second mortgage bonds, which were taken by the members.

**Committee's Proposal.**

The committee proposes that the City Club Building Corporation be formed, capitalized for \$750,000, with 15,000 shares of \$50 stock. Each member, except about 80 under 30 years of age, would be required to buy one share of this stock in four monthly installments of \$12.50, starting Dec. 1. Two-thirds of this stock would be set aside for retirement of the second mortgage bonds. The corporation would lease the building to the club for 30 years, at rental adjusted to take care of the first mortgage charges.

Officers value the club's present equity in the property at \$775,000, or considerably more than the book figure, pointing to the great building activity in the vicinity. They argue that income from the building is bound to increase, so that dividends may be paid on the corporation stock later. The board of directors had approved the committee's recommendation. In reply to rumors that the plan was to be "railroaded through," President W. A. Sommers addressed members at luncheon yesterday, inviting them to take full part in the discussion.

**Payroll Reduction.**

President Sommers told a Post-Dispatch reporter that an assessment would be necessary if this proposal failed. He pointed out that there has been a reduction of \$5000 a month in the club's payroll, besides other economies.

Members are discussing also the moot point of whether the club is slipping away from its old-time position as an open forum for free discussion of all sides of public questions. Committees of the club are seeking to restore its prestige in this respect.

OSLO, Nov. 12.—Röald Amundsen's polar machine is to remain in Norway. This is the latest decision of the Norwegian Aero Club, following the announcement that the machine would be sold in the United States.

The decision is due to Lincoln Ellsworth, who, as soon as he heard of the purchase, cabled the club that he was willing to collect funds in the United States to buy

the machine for Norway, guaranteeing \$15,000. The club accepted, in addition to that sum, money necessary for next summer's flight

must be collected. The dirigible in which the flight is to be made now is practically completed in Italy.

### OZARK STREAM POLLUTION CREATES SERIOUS PROBLEM

State Game and Fish Commissioner Warns Canneries Against Dumping Refuse in Rivers.

By the Associated Press. JEFFERSON CITY, Nov. 13.—Pollution of streams in the Ozarks has created a serious situation with the advent of the canning industry, said Keith McCasne, State Game and Fish Commissioner, here today.

Hitherto an occasional sawmill was the only offender, while now, a serious pollution problem is encountered. Many of the canneries are on the banks of the beautiful Ozark streams and the refuse of the plants is being dumped into the water in many instances, said McCasne. Where there is a large volume of water possibly no offense is created, he said, but when the solution of tomato acid becomes heavy, fish are injured and sometimes killed.

Two arrests on charges of stream pollution were made recently in Barry County, in the Game Department's effort to preserve the habitat of their fishy charges. The defendants in both cases operate canneries and one also operates a sawmill.

Dead and dying fish, their condition alleged to be the result of acids and souring refuse, were found to be affected about the gills. The openings were distended and irritated, causing the fish to have difficulty in respiration.

McCasne points out that it is an economical waste to dump the refuse from the plants into water, as it can be used valuably as fertilizer. A general drive in the section to stop the practice of dumping into the streams will be waged, he promises.

Methodist Merger Plan Loses.

NASHVILLE, Tenn., Nov. 13.—Southern Methodist headquarters last night announced the unofficial vote on unification with the Northern church as 3638 favoring union and 3665 against, or 1382 short of the required three-fourths majority necessary to carry the proposal. Thirty-seven conferences have voted. Seven are yet to vote, and the China vote is missing.

# Out-of-Income Buying Plan

## A Scientific Method of Getting the Most Out of Your Dollars

This store has a pre-eminent record of service in the interest of St. Louis and St. Louisans. Among its thousands of valued patrons are many who can relate scores of ahead-of-the-time achievements which Schmitz & Shroder have inspired. This desire to serve still is strong in our hearts and we therefore announce our Out-of-Income Buying Plan to be in tune with the times.

### The Out-of-Income Buying Plan

Life as we live it today is a financially scientific proposition. We are accustomed to buying motor cars, homes, furniture, radios and bonds on deferred payments—payments out-of-income.

The conveniences and facilities of our great cities—public services, theatres, great buildings and amusements are made possible by scientific financing—getting the most out of the money expended.

To be in tune with the times you MUST make your dollars work as hard for you as you know how to make them. Build up a surplus. Live out of your income. We believe it is economically sound to buy the things you

want and need—not on a basis of the ready cash you have available but on the basis of what your income permits you to purchase in a healthy, sound period of time.

You get the most out of your dollars because you are enabled to secure better quality. That is the sum and substance of the whole plan. It is a great step forward in retail service. It is the sort of innovation Schmitz & Shroder like to be the first in perfecting.

### There is no Additional Expense

No interest or carrying charges, whatsoever, are employed in our Out-of-Income Buying Plan. To take advantage of it your clothes cost you exactly the same as if you pay cash or use a regulation charge account.

Schmitz & Shroder is the first fine clothing store in St. Louis to provide these advantages... here is the way it works

284 MEDIUMS FAIL IN \$500 PRIZE TEST

Messages Came Nowhere Near Sign Dead Woman Was to Send to Husband.

By Leased Wire from the New York Bureau of the Post-Dispatch.

NEW YORK, Nov. 13.—There is something awry in the spirit world. The 284 mediums submitted by the spirit mediums in all parts of the world as authentic communications to Dr. J. A. M. Gilbert of Portland, Ore., from his wife, containing a countersign agreed upon before her death, were read yesterday in the library of the Scientific American. They were all wrong—no far wron as the first batch of 133 spirit messages evoked by Dr. Gilbert's offer of \$500 to anyone who could name the countersign. Dr. Gilbert and his wife, Florence A. Gilbert, both were interested in spiritism. They agreed before her death, eight years ago, that they could attempt to communicate with each other on a "practical, scientific basis," and selected a countersign. After his wife's death, Dr. Gilbert wrote the countersign on a sheet of paper and placed it in a triply sealed envelope. Yesterday the envelope was opened by O. D. Munn, publisher of the Scientific American.

Clay Given to Medium. The countersign was not revealed in its entirety, but at Dr. Gilbert's suggestion the mediums were given a clue. It was three events identified by three dates. The events, Munn announced, were the three birthdays of Dr. Gilbert, Mrs. Gilbert and their daughter, Dorothy. The dates were not made public.

There were only two mediums who on thought of dates. No. 134 reported, "Remember, it was 1870." No. 284, who "relayed the message" in a telegram which arrived just before the replies were read, said, "We have the wildest dream: the most perfect flowers and the largest number of birds in the month of May." Neither "May" nor "1870" was even "warm."

Munn reported. The trouble with most of the mediums is that they tried to save too much on cable tolls. Single words were very popular. Among the words were: Eureka, Mispah, Borax, Kachiu, Berries, Sandmanara, Hay, an Watermelon. No. 149 said the key to the situation was "Fid-jeticks."

The low-toll record was made by No. 147 with "Z." Advice From Mediums. Many mediums thought the countersign was a proper name. Among those suggested were: Yvette, Verena, Susan, Gilbert—Cash, Sunbeam and Pussy. Other mediums brought instructions and advice: "Flowers to the cemetery," "Be careful of your health," and several messages were in code.

Among the messages of love and endearment were: "One shall show you how to love, pure white valentine, love, 'James, James, James, I am so far away,' 'Love me, I will live forever, moonlight star.' "There were several chatty and cheery messages for the doctor, among them: "I have a crystal case with a white pink rose, dear John," "Hello, old boy," and "Gosh darn, old rooky, she's easy."

Explanations for the failure of mediums to receive the right message from Mrs. Gilbert were not lacking. One medium was sure he had the right answer, but that if he missed it, he missed it because Mrs. Gilbert, being a loyal wife, deceived him in order to save her husband \$500.

Another solution was advanced by Dr. Lathrop Meeker, who, according to his own statement, lives under his hat, and "just dropped in" to see what was going on. "Ever since 1911," he said yesterday, "world conditions have been very bad for spirit messages."

## \$1,250,000 FRAUD LAID TO FURNITURE FACTORY OWNER

Witness at Bankruptcy Hearing Says He "Kited" Checks and Got 12 Per Cent Loans.

By the Associated Press. PHILADELPHIA, Nov. 13.—A story of frenzied finance by which Hyman Rash, head of furniture factories in Ohio, Indiana and Philadelphia, is said to have warded off bankruptcy for eight months during which time he is alleged to have "kited" checks totaling more than \$1,250,000 and used accounts receivable as security for loans at 12 per cent has been related before a special referee in bankruptcy.

The story was told on the witness stand yesterday by Louis Dries, a Bristol, Pa., furniture dealer and former associate of Rash.

Rash said he was going to be a millionaire by selling bonds in his companies," testified Dries, "and he promised me that when he became a big man I was going to be next biggest."

The witness admitted that he had taken part in the check operations, but declared that he "had been dragged into it" by the promise of riches and the fear that if he refused he would be unable to collect about \$40,000 Rash owed him.

He declared that the kited checks were always drawn on the different Rash companies so the banks would not suspect fraud.

Rash was president of the American Furniture Co. of this city. When it filed bankruptcy proceedings a year ago, receivers also were appointed for the Middle Western concerns.

**JEWELS WOMEN LEFT WITH U. S. ENVOY IN 1868 WERE RETURNED**

Negotiations Are Concluded Between Charles Washburne and Owners, Residents of Paraguay. By the Associated Press. RICHMOND, ARK., Nov. 13.—The correspondent of La Nacion at Asuncion, Paraguay, telegraphs that it is understood negotiations were concluded today for the return to Paraguay by the United States of a sealed case of jewels given for safe keeping to Charles Washburne, American Minister to Paraguay, by Paraguayan women when they fled from Asuncion during the war of 1868.

This flight occurred at the time of the advance of the allied armies of Argentina, Brazil and Uruguay to attack Paraguay. The jewels are reported to have been deposited in a bank at Montevideo to the order of the American legation. No estimate of their value is available.

Minister Washburne had troubles of his own during this war, when foreign residents of Asuncion were accused of conspiring against the President of Paraguay and he had to flee to the American war vessel Wasp, two of his subordinates being captured and tortured by the Paraguayans.

**ALL ST. LOUIS INDUSTRIES NORMALLY BUSY, U. S. FINDS**

Employment Conditions in Missouri Satisfactory and Outlook Is Excellent. Special to the Post-Dispatch. WASHINGTON, Nov. 13.—Employment conditions in Missouri are satisfactory and the outlook is excellent, according to a report by the Labor Department Employment Service today.

The skilled labor supply in the large centers appears to be fully occupied and there is a brisk demand for farm help. It was reported. Public improvements and general outdoor operations have absorbed practically all idle common labor and with only few exceptions industrial plants are operating with normal forces.

In St. Louis practically all local industries are working at normal and employment shows no sign of slackening, except as affected by weather conditions, the report declared.

The large volume of public and private construction will continue indefinitely and available skilled labor is fully employed, with a slight shortage of building mechanics existing at the present time, the report continued. There is, however, still a surplus of factory and office help.

Common surplus is small, due to brisk demands for help on river work, public improvements and farm operations.

and not "how much will this garment bring?"

If you buy a Bond garment today—tomorrow—any day—you know you are getting the newest that can be procured without paying a premium for it. Bond's business principles do not permit the padding of a price early in the season to stand a mark down later on. Every Bond garment is sold direct to the wearer on a basis of "how little can we sell it for"—rather than "how much will this garment bring?" That's the way we get volume—and the greater the volume the greater the value!

## PASTOR DECLINES OFFICE IN PROPOSED BRYAN UNIVERSITY

By the Associated Press. BALTIMORE, Nov. 13.—Dr. Peter Ainslie, pastor of the Christian Temple here, has written the Rev. Lockhart, director of the Bryan Memorial University Association at Dayton, Tenn., declining a trusteeship in the proposed university, asserting a belief that it is most unfortunate to found a university on the interpretations to which William Jennings Bryan gave himself.

Dr. Ainslie expressed regret that he found himself unable to serve, and declared that he esteemed Bryan highly. "But I feel," he said, "that his closing days could have been better spent than in the field to which he unreservedly gave himself."

"I feel," Dr. Ainslie concluded, "that in the matter of education it is unfortunate to have schools such as that which your community is planning to start as it is to have denominational schools. Neither has a place in modern education."

### ROBERT D. WRENN, FAMOUS ALL-AROUND ATHLETE, DIES

Had Been Tennis Champion, Harvard Quarterback and Saw Service in Two Wars.

By the Associated Press.  
NEW YORK, Nov. 13.—Robert D. Wrenn, famous tennis player and all-around athlete, died here last night.

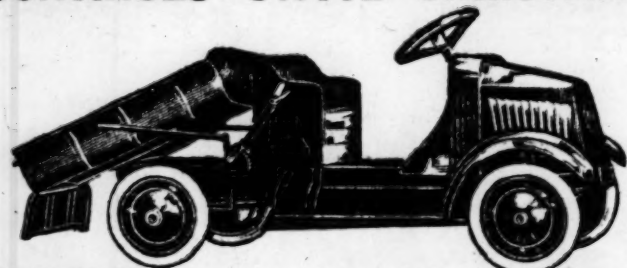

He was a second baseman and a quarterback at Harvard, a Roosevelt Rough Rider during the Spanish War and a Major in the air service during the World War. He was 53 years old and for 25 years had been a member of the New York Stock Exchange.

He was national tennis champion in 1893, 1894, 1896 and 1897 and shared the doubles championship

in 1895. In football he was rated as an exceptional quarterback. He was good at hockey. In his later years he became a golf player

of more than ordinary ability. He was graduated from Harvard in 1896. Death was caused by Bright's disease.

# PAN-AMERICAN FLEET SOLD TO MUNSON FOR \$4,104,000

Shipping Board Disposes of Four Steamships Built at Cost of \$1,250,000.

WASHINGTON, Nov. 13.—The Pan-America Steamship line, running from New York to the east coast of South America and regarded as one of the most valuable services operated under the Fleet

Corporation, was sold by the Shipping Board yesterday to the Munson Steamship line of New York. Its present operator, for \$4,104,000. The price is equivalent to \$1,036,000 for each of the four vessels concerned, the Pan-America, Southern Cross, Western World and American Legion. The sale was awarded only after Moore & McCormack of New York, who had offered \$4,101,000, had withdrawn their bid and protested against the procedure at an open session of

the board called to receive any further offers either company might make.

It was the contention of Moore & McCormack that the board two days ago had altered materially the terms of sale and that new competitive bids should be called for. The board from the standpoint of repairs necessary to place them in first-class condition.

The first of the ships to be delivered will be the American Legion, which will be taken over by

the Munson interests Nov. 21, after its arrival from South America. The four vessels were built during the war at a cost of from \$6,000,000 to \$7,250,000, and the sale price compares with \$1,125,000 each for the ships of the same type of the California-Orient line out of San Francisco to the Far East, disposed of last summer to the Dollar Interests. The latter, however, had been completely reconditioned only a short time before the sale, whereas no substantial overhauling has been done on the Pan-America ships for some time.

## SECRETARY JARDINE DEFENDS U. S. PLAN OF CROP FORECASTS

By the Associated Press. WASHINGTON, Nov. 13.—A general defense of the Agriculture Department's crop reporting system and suggestions for some changes have been made by Secretary Jardine in a letter to Senator Pepper, Republican, Pennsylvania. The letter dealt at length with the cotton reports, which have brought numerous complaints from Southern members of Congress.

With respect to other crop forecasts, he said there was some question as to the advisability of the Government making quantitative interpretations of conditions as far in advance of harvest as is now done. Some of the early forecasts dealing with grain, potato and fruit crops, he added, probably will be omitted next year.

Asserting that the interests of the cotton growers demanded that the Government continue to report the condition and probable yield of that crop, the letter pointed out that if the Government withdrew

from the field the crop reporting would be done by private interests alone. The accuracy of these private estimates, the Secretary said, is probably improved by the Government's issuance of official estimates.

## AMERICAN CHURCH COUNCIL APPEALS FOR WORLD CURE

Organization Also Urges Co-op-  
eration of the U. S. With the  
League of Nations.

By the Associated Press.  
DETROIT, Mich., Nov. 13.—Af-  
firming their belief in the World  
Court, and urging President Cool-  
idge to exert his utmost influence  
in the outflow of aggressive war,  
the American Council of the World  
Alliance for International Friend-  
ship Through the Churches, con-  
cluded its tenth annual convention  
yesterday.

In a statement containing the  
resolutions of the convention, the  
council sent out a call to the  
churches of the country to rally  
against forces working against the  
United States entrance into the  
World Court. The council also  
urged increasing co-operation of  
the United States with the League  
of Nations and in whatever other  
instrumentalities it and the nations  
of the world may agree to use.

A plea made that all pastors lay  
special emphasis in their preach-  
ing on the unity of mankind, the  
human race, also praying that the  
Western nations in all their deal-  
ings with Japan and China, prac-  
tice righteousness and justice.

A suggested amendment to the  
statement that the United States  
consider the advisability of guar-  
anteeing the security of China by a  
League agreement for the Far  
East was informally approved. The  
drafting of the amendment was  
left to a committee.

## Gas Pressure Makes Women Nervous

Many women who have stomach trouble  
are bothered just as Mrs. A. Smith was  
before she got Adlerika. She writes that gas from undigested food  
caused her palpitation and constipation  
and made her very nervous. After taking  
the mixture of buckthorn bark, glycerine,  
etc. (known as Adlerika) she is well.

Many people keep the OUTSIDE body  
clean but let their INSIDE body stay full  
of gas and poisons. Give the inside a  
REAL cleaning with the mixture of buck-  
thorn bark, glycerine, etc. as sold under  
the name of Adlerika. This acts on BOTH  
upper and lower bowel, eliminates gas,  
poisonous and removes old matter which  
you never thought was in your system,  
which caused sour stomach, nervous-  
ness, sleeplessness, headache, etc.

Whenever you eat too much heavy food,  
let Adlerika REMOVE the undigested sur-  
plus and leave you feeling fine. GIVE  
prompt relief GAS and takes away that  
full, bloated feeling. Even if your bowels  
move every day, Adlerika brings out much

## FRENCH FLUENT WITH PRESS

About the Only Official Who Can Keep a Secret Is Briand.

PARIS, Nov. 1.—There are few scenes as typically French, as characterized by the Frenchman's easy camaraderie and his total lack of outward respect for authority, as the crowd of journalists pressing round members of the Government as they come away from a council of Ministers.

The fact that nearly all French politicians have themselves been journalists may help to account for the difference between the familiarity of the relations between them and the press from the time of similar meetings in other countries. It is no doubt this easy approach on the one hand, combined with the absolute inability of a Frenchman not to talk, on the other, that makes France the most difficult country in the world to keep official secrets. The statesman who deals best with the difficulty is Briand, the present Foreign Minister. He always talks, but he always talks about something else.

## FIGHT ON K. K. K. UP TO OTTAWA

British Columbia Authorities Prepare to Cope With It.

VICTORIA, B. C., Nov. 11.—British Columbia authorities are preparing to cope with the activities of Canadian members of the Ku Klux Klan. This has been learned by members of the Legislature, who have been urged in a formal notice to prevent the Klan from organizing in the province. Officials of the Attorney-General's department announced that only the Federal Government can prevent the Klan from going ahead with its plans. It is now considered likely that the resolution at present before the house asking the Provincial Government to outlaw the organization will be allowed and that a petition will be sent to the Federal authorities at Ottawa asking that action be taken.

## UNION STATION TAXI ROW IMPEDES TRAFFIC

Concourse Jammed by Machines in Contravention Over Exclusive Rights to Its Use.

Considerable traffic congestion in Market street was created today by taxicabs maneuvering to get into the Union Station concourse, following a court proceeding attacking exclusive rights granted to the Brown and Yellow cabs by the Terminal Railroad Association. The proceeding, before Circuit Judge Falkenberg, was instituted yesterday by the Canary Cab Co., owner of Checker cabs, and a restraining order, returnable Nov. 1, was issued against the Terminal Company.

Several months ago the concourse was closed to all cabs following a similar controversy. The Terminal company recently opened the concourse exclusively to the Yellow and Brown cabs under a contract with the company operating these cabs. The legality of this contract is challenged by the Canary company, which holds that the concourse is a continuation of Nineteenth street and that, although it is under the station, does not belong to the Terminal company. Throughout the morning hours, when trains were arriving the Checker, Brown and Yellow cabs jammed the concourse until more could not get in and these inside could not get out. The cabs overflowed into Market street for a time and impeded the progress of other traffic. While this fight was in progress, cabs of other companies did a thriving business in passengers coming from the Market street exit from the station, east of the concourse.

GOV. BAKER PLEASSED WITH POLICE SITUATION IN ST. LOUIS. He Expresses Opinion After Conference With Board and Inspection of Headquarters.

After he had concluded an hour's conference with the four members of the Police Board today, Gov. Baker told reporters at Police Headquarters that he was "very well pleased with the police situation in St. Louis."

The conference was the first Gov. Baker has held with the Police Commissioners since they took office by his appointment last April. He went to headquarters with President Orrick at 10 a. m., and they were joined 15 minutes later by the other Commissioners, with whom Gov. Baker inspected Headquarters at the conclusion of the conference.

"Some improvement has been made in conditions at the State Reformatory at Booneville, and more are expected," the Governor said in discussing recent steps he took to prevent wholesale parole of prisoners from the Reformatory.

WARRANT AGAINST ALLEGED CUSTODIAN OF BET IS QUASHED. Judge Frey Sustains Motion on Grounds That Defendant Was Not Granted Preliminary Hearing.

A motion to quash a warrant against Barry McDonald, charged with being custodian of a bet, was sustained today by Circuit Judge Frey on the grounds that McDonald had not been given a preliminary hearing on the charge, a felony punishable by a penitentiary or jail sentence.

McDonald was arrested Sept. 9 last, as the proprietor of an alleged bookmaking establishment at 611 Pine street, in the police drive against gambling. He was discharged by Judge Gayer, but was one of the first persons against whom the Circuit Attorney's office issued warrants on the charge of being custodian of a bet. Assistant Circuit Attorney Fish said after Judge Frey dismissed McDonald that an effort probably will be made to have McDonald indicted on the charge.

Arkansas Slayer Electrocuted. By The Associated Press. LITTLE ROCK, Ark., Nov. 13.—J. C. Cherry, alias Kelly, a North Little Rock man, was electrocuted at sunrise today for the murder of Harold Bretwell, 17-year-old Levy (Ark.) youth, on the night of Jan. 8. Kelly, in company with two other men, attempted to rob a filling station at Levy owned by Freywell's father. His companions in the attempted holdup are now serving life sentences in the penitentiary, having pleaded guilty to the crime and turned State's evidence.

## To get the Greatest Joy out of Life

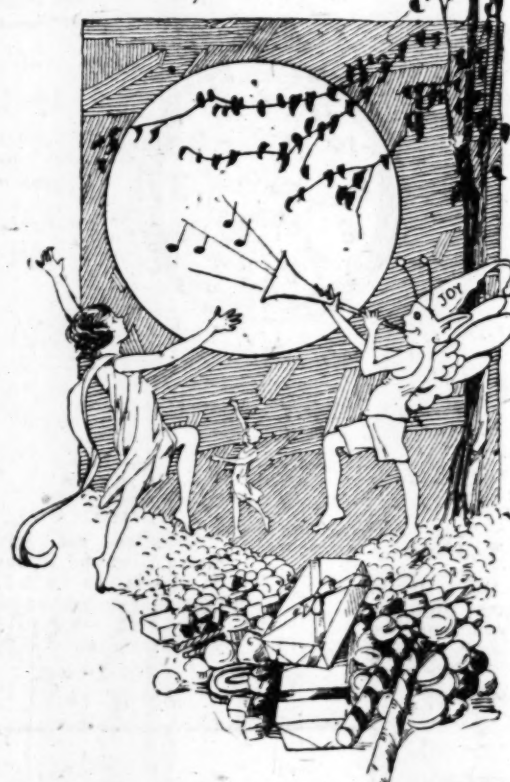

DID you know that there is only one good bite of candy consumed each day for every man, woman and child in the United States? To get the greatest joy out of life everyone should take at least two good bites every day.

Candy has always been associated with the tenderer emotions, with courtship, with mother love, with the happiness of little children, the spirit of unselfishness and devotion. Surely candy has added appreciably to the sum total of human happiness and understanding.

Candy is doing much to spread sunshine in our land. It is a messenger of sentiment; the proof of hospitality. There is a sentimental quality, a tender significance about a gift of candy that is possessed by few of man's creations.

Get the "Happy Habit." Take home candy for Sunday. Keep candy around the house. Candy is not only delicious and decorative, candy is also an energy-giving food. The candy appetite is just as natural as hunger for other food. Candy is fatigue-relieving and in delightful form supplies many essential elements of diet. It satisfies the natural craving for sweets as nothing else can. Candy is America's most popular food.

During this week retailers are making attractive displays to show the progress in the art of the American Confectioner, who leads the world in the making of beautiful and delicious candies. This is a Nation-Wide Candy Display Contest. Look for these displays.

Rolled Arm, Thin Arm and Kidney Types

\$195

High-Back Chair, Pictured Above, \$71.75 Additional

A highly interesting group of two-piece Living-Room Suites is presented at this price. The upholstery is an excellent quality of mohair in soft taupe tone, and the loose spring-filled cushions are reversed in various attractive contrasting materials. This is a notable opportunity for those desiring a good-looking Living-Room Suite at a decidedly worth-while saving.

Both entirely covered, and wood-exposed styles may be had in this group. Many of the Suites show artistically carved frames at top and bottom, made of hard woods, in antique finish.

One may choose from several types of furniture in these Suites. Included are the graceful kidney shape, the thin-arm design, and the less formal rolled-arm style.

### Two-Piece Living-Room Suites

With Solid Mahogany Frames and Durable Mohair Coverings

\$269<sup>50</sup>

These two-piece Suites are excellently constructed and exquisitely designed. Beautiful mahogany frames are exposed in some of them, and mohair of exceptionally good quality is used on all. The loose spring-filled cushions have one side of mohair and one of silk brocade in charming contrast. The construction is full web style, and the pieces are filled with fluffy moss and hair.

Kidney, thin-arm and rolled-arm types are included in this group, and high-back chairs to match some of the Suites may be purchased separately.

## MUNICIPAL PROBLEMS DISCUSSED BY MAYOR

City Sanitarium Property a State Institution, Miller Asserts.

The City Sanitarium, with its \$1,000,000 annual maintenance cost, is properly a State institution and should be supported by taxes paid into the State treasury instead of by the city only, Mayor Miller said in an address on "Municipal Problems" before the St. Louis Republican Women's Club yesterday at the Chamber of Commerce Building.

The Mayor's statement was made in the course of a general discussion of the great increase in money expended in welfare work, which he said was far greater than the proportionate increase in the population. He mentioned the Bellefontaine Farm and the Meramec Hills Farm, corrective institutions for boys and girls, respectively, and said they should properly be supported by State revenues.

"These institutions speak well for the charity and kindness of our people," the Mayor said. "They should not be abandoned, but their cost should be considered and kept within reason."

**Tax Situation Reviewed.**  
The Mayor recalled that St. Louis pays approximately one-third of the State taxes and he said it received practically nothing in return. As examples, he cited the fact that the city received nothing for street maintenance from the automobile tax nor for the Police Department, which is controlled by a board appointed by the Governor. An attempt, he said, should be made to make relations between rural Missouri and St. Louis more pleasant.

He discussed briefly the problems of street railway and motor-bus transportation. He said the railways should give the best possible service at a fare which will give a fair return on the investment. Buses should be encouraged, particularly in developing lines to territories not served by street cars.

A solution of the steam railway terminal problem is in prospect, he said, which will provide for use of the Free Bridge by railways, a consummation which will remove the bridge from its designation as "a lasting monument to our ignorance." He said ordinances are being prepared which will enable the city to deal more firmly with the smoke and traffic regulation problems. He discussed bond issue expenditures briefly and said full value should be received for

money spent. He hoped for an early solution of the proposed annexation question.  
**Working for Change in System.**  
Municipal government in the past has dealt with changes in personnel only, he said. His administration is devoting itself to changing the system of municipal government.

He believes the people who voted for his election did so in the belief that he would change the system. He did not point out specifically what this entailed, but did say that strict adherence to the charter and ordinances would give citizens that which they were entitled to receive from government.

**KING'S PARTY KILLS 4000 BIRDS**  
Pheasants and Partridges Will Go to English Hospitals.  
By the Associated Press.  
THETFORD, England, Nov. 12.—With 4000 pheasants and partridges falling before King George and several other titled guns, the

first of his British Majesty's three days' hunting over the preserves of Lord Iveagh was not so bad.  
From the well-stocked covert, the birds rose well and the King had a large proportion of the bag to his credit. It is customary to donate most of such kills to hospitals and charitable institutions.

### GROWTH FROM 12 TO 1200 IN SCHOOL IN 58 YEARS

Mrs. Calice Richmond Field, First Teacher at Ashland, recalls Early Days to Patrons' Alliance. Growth of the Ashland School, Newstead and San Francisco avenues, from an enrollment of 12 pupils, when the school was opened 58 years ago, to the present enrollment of 1200, was shown at the last regular monthly meeting of the Patrons' Alliance of that district. The growth was called to the attention of the audience by the presence of Mrs. Calice Richmond Field, 81 years old, the first teacher of Ashland. Mrs. Field was introduced by the school principal, Robert L. Short.

It was related that when she started teaching the school was held in a one-room frame building on San Francisco avenue just across from the present site, the location being then in St. Louis County. As the attendance grew a new school was built, of which Mrs. Field became principal. Subsequently this building was torn down to make room for the present structure.

A daughter of Mrs. Field, Mrs. Jesse H. Keebaugh, wife of the assistant trustee officer of the Mississippi Valley Trust Co., was the first pupil to graduate from the second Ashland school and enter high school. She also was present at the alliance meeting, as was her son, Jesse R. Keebaugh, a baritone, who sang several songs. Moving picture films were shown at the meeting.

### PLATO MOUNTJOY DIED IN WEST

## SEVEN PERSONS HURT IN AUTO ACCIDENTS

Driver in One Instance Who Did Not Stop Traced to Home and Arrested.

Seven persons were injured, several of them seriously, in automobile accidents yesterday and early today. In one accident the driver of a machine striking a pedestrian fled from the scene.

Mrs. Frank Masek, 45 years old, of 2455 Lafayette avenue, reported to police that she was struck by a black touring car while crossing Longfellow place at Russell boulevard at 5 p. m., and that the machine was driven rapidly from the scene. Mrs. Masek, who suffered an injury to the back and shock, supplied police with the license number of the machine, which was traced to Thomas Walton, 40, a traffic manager, of 3125 Maury avenue. Walton denied striking Mrs. Masek, although admitting that he had driven into Longfellow place from Russell boulevard about the time of the accident. He was charged with leaving the scene of an accident.

Takes Blame for Accident. Mrs. Charlotte Milbrantz, 63, a widow of 4221 Grove street, assumed responsibility for an accident at Grand boulevard and Kosuth avenue at 3 p. m., when she was struck by an automobile driven by Fred Straube, a resident of Granite City. Mrs. Milbrantz, who suffered a fractured collar bone and lacerations, said she would not prosecute.

Samuel Marian, 42, of 1815 North Sarah street, suffered a fractured leg, arm and ribs and internal injuries at 7:50 p. m. yesterday when struck by an automobile driven by John H. Tidwell of 3931 Randall avenue as Marian and his wife, Bertha, were crossing Grand boulevard at Arsenal street. He was taken to City Hospital. Tidwell was arrested.

Emma Zeiter, 8, of 3952 Schiller place was knocked down by an automobile as she crossed the street in front of 3952 Schiller place at 5 p. m. She suffered fractured ribs, internal injuries and lacerations of the scalp. Lawrence Tarbell, 6609 Alabama avenue, driver of the machine, told police men he did not see the child until too late to avoid an accident.

Boy on Bicycle Hurt. Joseph Burnett, 11, of 4295 Blaine avenue, riding his bicycle in Lawrence avenue near Alfred avenue collided with the automobile of Joseph F. Stoffel, a mail carrier of 2730 South Fifty-ninth street at 7 p. m. He was injured internally and cut and bruised. Police reported the bicycle had no lights.

Miss Katherine O'Keefe, 44, of 2636 Polson avenue alighted from a street car at Grand boulevard and Polson avenue and started for the curb and was knocked down by an automobile driven by Russell C. Van Noy of 1408 South Vandeventer avenue at 6:40 p. m. She suffered from shock, internal injuries and cuts and bruises.

Joseph Kovich, 34, a machinist, living at 3701 Chouteau avenue, was out and bruised at 7:30 a. m. today, when he was struck by an automobile after alighting from a street car at Spring and Chouteau avenues. He was treated at City Hospital.

## BROTHERS HELD WITH BONDS OF SLAIN WISCONSIN FAMILY

Contend They Found Securities in Strongbox in Granary on Farm They Rented.

By the Associated Press.

BARABO, Wis., Nov. 12.—A story of finding hidden treasure, connected with one of the most brutal murders in Wisconsin history, came to light yesterday with the arrest of two brothers, Delbert and William Billa, on charges of receiving and concealing stolen property.

Delbert, 40 years old, of Beloit, and William, 38, of Paynes' Corner, near here, were arrested after Delbert attempted to cash coupons of two bonds owned by William, Julius and Mary Balser, who were beaten to death at their farm home the night of Aug. 9, 1922.

The Billa brothers denied any knowledge of the unsolved crime. The brothers said they found a strong box containing money and other valuables in a granary after they rented the Balser farm, after the slayings.

## RIFFS RAID SPANISH CAMPS

Gen. Rivera Announces Campaign Will Continue All Winter.

By the Associated Press.

AT SPANISH HEADQUARTERS, TETUAN, Spanish Morocco, Nov. 12.—The Riffians raided and destroyed two Spanish camps at Beni Sal, near Tetuan yesterday. The number of casualties is not known.

Gen. Primo de Rivera, head of the Spanish military directorate, said Spain now would be satisfied with nothing less than the Riffian chieftain's total submission. He said the Spanish military operations would continue throughout the winter.

To Sell Aunt Jeannette Mills.

By the Associated Press.

ST. JOSEPH, Mo., Nov. 12.—The directors of the Aunt Jeannette Mills have voted to recommend to the stockholders the sale of the property to the Quaker Oats Co. Preferred stock will bring \$110 a share, and it is expected common stock will bring \$80. The purchase price will be in excess of \$3,000,000, and the plant will remain in St. Joseph.

## BLAZER JURY STOOD 11 TO 1 FOR ACQUITTAL

State Dismisses Murder  
Charges After Failure to  
Arrive at Verdict.

By the Associated Press.  
LITTLETON, Colo., Nov. 13.—Justice and mercy seemed to combine in forming the finale of the trial here of Dr. Harold E. Blazer, when by order of the Court the 50-year-old physician was freed yesterday of the charge of murdering his 24-year-old daughter, Hazel, "child-woman," after a jury had been discharged on its failure to arrive at a verdict.

The dismissal of the charge of murder against the country physician, who killed his daughter as "an act of love," came with startling suddenness an hour after the jury had been discharged by Judge Johnson.

Only the leading attorneys in the case, Dr. Blazer and half a dozen newspaper men were present when the final scene was enacted. Prosecuting Attorney Joel E. Stone quietly submitted to Judge Johnson a motion for dismissal of the murder accusation. And with a few words, stressing "the fact that insanity was proved beyond reasonable doubt," Judge Johnson removed the law's "black mark" from Dr. Blazer.

**11 to 1 for Acquittal.**  
The jury favored acquittal by 11 to 1, and as one jurymen, the parent of an invalid daughter, put it: "If they had given us a half hour longer, we would have acquitted him." But Judge Johnson decided that 14 hours of deliberation by the jury was sufficient and that it was probable no verdict would be returned. So he discharged the body. The trial lasted eight days.

Dr. Blazer, while temporarily insane, according to his defense, poisoned with an opiate his helpless "child-woman" daughter. He left a note describing his act as "a slaying for love," saying he killed her so she would not become a burden on his family. Then he tried to kill himself but failed.

"I believe Dr. Blazer was insane on the day of the murder," Judge Johnson declared when the case ended. "With his care and devotion for the crippled girl throughout her entire life, there is no doubt in my mind that he was mentally unbalanced at that time."

"Victory for Humanity."  
"This has been a victory for humanity, for humanity was on trial, side by side, with Dr. Blazer," was the summation of Lewis Mowry, chief defense counsel.

The action of the hung jury was characterized by Prosecutor Stone as "a victory for law and order."

"These men, as a body, declined to put the stamp of approval on this sort of crime; they declined to state that Colorado would countenance these types of killings, and it will serve as a warning in the future," he said.

Dr. Blazer announced yesterday that he would go to Cumbria, Colo., to work on his timber lease.

### HUGE BOMBER TO BE STORED Final Tests of Barring Are Now Being Made.

By the Associated Press.  
DAYTON, O., Nov. 13.—The Barring bomber, the world's largest airplane, requiring two and a half years to build and costing \$400,000, will be placed in storage at McCook Field here as soon as Lieut. John A. MacReady finishes flight performance tests now under way.

"We will get all the data we can on it, learn everything possible from the ship, but past that nothing is proposed for the bomber," McCook Field officials said. "While the air service hopes to have larger and more powerful planes some day, that is speculation, for we neither have the money nor the expectation of seeing planes as large or larger than the bomber in use."

### PAINLEVE'S FISCAL PLAN CONSIDERED SOCIALISTIC STEP

Circumstances May Make  
It Necessary, but Conse-  
quences Will Be Grave,  
Says Editor.

REALTY TAX WILL  
EXCEED YEAR'S RENT

Socialists Force Acceptance  
of Their Plan, Which In-  
cludes Capital Levy and  
Profits Tax.

By the Associated Press.

PARIS, Nov. 13.—The revised financial plan of Premier Painleve, which provides for a moratorium on short-term bonds, a capital levy and for the State to share in the profits of industry and commerce, is considered in some quarters as a first step toward national socialization.

In acquiescing in the demand of the Socialists the Premier requested that the Finance Committee accept the revised measure so that it might be debated next Monday in the Chamber.

The revised plan constitutes the first step toward national socialization, which circumstances perhaps make inevitable but of which the consequences cannot but be of extreme gravity for the country, says Lucien Chassagne, managing editor of the Journal, an authority on economic subjects. "If it is to be applied successfully, an effort must be made to create an atmosphere of confidence and union."

Must Be Nonpolitical.

Aristide Briand, Foreign Minister, is of the opinion that the financial measure adopted must be without political taint and just. A statement made by Briand last night, "it must not at any cost appear to have political character; it must aim only at 'winning just' found a ready echo among the moderate politicians."

Painleve, having settled everything satisfactorily with the Finance Committee of the Chamber last night was discussing with Senator Bienvenu Martin, radical leader in the Senate, the prospects of the Senate passing the bill, when the lobbies were thrown into commotion by a report that Louis Leclercq had submitted a series of amendments to the Finance Committee involving conversion of the permanent debt and the spreading of the payment of the "national contribution," as the capital levy is known, over a period of 10 years, instead of 14.

Painleve Rejects Amendment.

This being more along the lines of the Socialists, they at once rallied to it. Eventually it was decided to refer the proposed amendments to Painleve. The Premier declared he would stand by his own text, because if he accepted one amendment he would have to accept others and the process would be endless. Leclercq did not insist and the incident closed satisfactorily.

Should other persons aspiring to amend the measure follow what, is termed M. Leclercq's example, it is felt in political circles that the financial bill can be debated by the Chamber on Monday and adopted by an adequate majority. On real estate the proposed capital levy will amount to one and one-half times one year's revenue derived from it. There will be a tax on stocks and bonds at the same ratio, and the sharing of profits with the State by industrial and commercial stock companies to the amount of 15 per cent. The capital levy may be paid in a lump sum or spread over a period of 14 years.

Default on Bonds.

The chief objections raised by the opposition are that forced conversion of the bonds due Dec. 8 amounts to default, which has been unheard of in France since the revolution, and that participation by the State in the profits of industry and commerce will involve official interference in private business.

The Deputies and Senators from the rural districts say that the capital levy will hit the farmers as hard that it will be certain to diminish production, particularly dairy products and meat.

The communists announce that they will oppose the Government bills and demand the substitution of their own plan, which involves general nationalization of commerce and industry.

The measure, it is estimated by Painleve, will furnish 6,000,000,000 francs, additional to the annual revenue, to swell the sinking fund and extinguish the public debt. The receipts from the Dawes reparations plan are omitted from the calculation; they are left intact for the purpose of completing the reconstruction of Northern France. War debts are not mentioned in the bill, but it is inferred that the sinking fund will be applicable to them as well as to national obligations.

calculations plan are omitted from the calculation; they are left intact for the purpose of completing the reconstruction of Northern France. War debts are not mentioned in the bills, but it is inferred that the sinking fund will be applicable to them as well as to internal obligations.

Frank dictated the foregoing statement while riding in an automobile from Hotel Statler to Washington University. A few minutes later he was on the rostrum of Graham Memorial Chapel, as a guest of Chancellor Hadley, telling the students of four words that seemed to him to sum up the mean-

most remarkable mummy case ever found, was accomplished with such secrecy that Carter's own workmen were given to understand and believed that Carter had discovered only a life-sized statue of "Kingska" or the second self, often placed in these tombs.

Such a plan also has been announced by Representative Longworth of Ohio, former floor leader, who will be the next Speaker, and Representative Fear of Wisconsin, and has been denied by the Ways and Means Committee by action of the Republican caucus.

"Lastly, to provide more attractive school buildings and grounds and a recognition and regard for the finer things in the home, the school, the shop and in life, generally."

## MUSIC

Francis Macmillen's Violin Speaks With Eloquence to Ear, Taste and Heart.

By RICHARD L. STOKES.

LIKE certain showmen of the violin, Francis Macmillen is too good a musician to dramatize his art with the gaudy sleights of an actor. His poetic declamations are labeled neither with soulful nor languishing posture. No exaggerated bow flings aloft to signal triumph over a bit of scale-work. It was sheer violin playing, instrument of caste, which won for him a resounding success in recital last night at the Odeon.

The program began with what, in his opinion, is the noblest melody ever conceived by man—the waltz from Bach's D Major Suite. The performer's command of the instrument was shown by the fact that he could not only play it by quality, but also by quantity. The string was open or stopped, the playing was open or stopped. Discreet, perhaps, by the small audience, the violinist did not transfigure the air with his playing. He did his technique, in the ending of the waltz, also by the display that gem-like flash of the bow, which is expected of a virtuoso, although for the most part it was an exploit of bowing, not of playing.

Bruch's G Minor Concerto.

Applause with the unmistakable undertone of sincerity, which grew a tumult before the evening was over, appeared to brighten the artist's spirit. He came entirely into his own with the familiar Concerto in G Minor, by Max Bruch. Even the virility and gusto of the heroic passages were diminished by the transcendence of feeling which carried in the profounder episodes. Here is a violinist who can articulate melody; it is shaped and molded under his hands into living sculpture. Two movements from Schumann's "Symphonie Espagnole," followed—the Andante, tropically phrased, and the Rondo, with its blackguard mirth and languorous sequences.

Turning to American composers, Mr. Macmillen presented a delicate Allegro grazioso on muted strings, by Whinnery Cortelyou, and then his own Barcarole, with a piquant introduction leading to a delicious melody in double-stops. Next he played a little gem of puckish humor called "Flageolets," which he himself adapted from Edna Guess's piano piece, "Dance of the Elves," and in which the harmonious twittered and chirped like birds.

Ovation for Ellis Levy.

Ellis Levy, assistant concertmaster of the Symphony Orchestra, was next honored with a performance of his "Carole," a waltz, the name of which means a prelude. It had a suave and tuneful air, with sudden exciting upsurges of emotion. The composer, at a request from the audience, rose modestly at the rear of the stage and bowed.

Impet of applause. Randegger's stirring "Sinfonietta Caprice," Pieroni's "Serenade Columbine" and Wieniawski's scintillating "Polka" brought the program to a close. One of the delights of the concert was the purity of the violinist's intonation, and under the truth of his pitch, a joyful peace settled upon the ears. He used the classical intonation, mathematically accurate and untainted by the false intonation of the piano. His accompaniments were eloquently played by Ralph Angell.

A new addition to the home for the aged poor of the Little Sisters of the Poor, 2400 South Grand boulevard, will be dedicated at 2:30 p.m. Sunday with services conducted by Archbishop John J. Glennon.

The home was founded in 1900 on Gravois avenue and has grown steadily until now it cares for 220 men and women. The order of the Little Sisters was founded in France in 1840. It now has 312 nuns caring for 46,237 old people.

FIRST SCHOOL OF JOURNALISM

First College Makes Claim by Virtue of Course Offered in 1898.

By Associated Press.

PORCUPINE, Cal., Nov. 12.—Claiming the distinction of being the pioneer school of journalism in America, Bessie Tift College here today announced the opening of its first course "for the advancement of such young ladies as may desire to become good writers."

"To be sure," the catalogue explains, "we can't guarantee success in this line, but there are many advantages of the course that are quite within the reach of any pupil of average intelligence." It stated further that "the purpose of the school is to aid those who wish to enter the field of journalism and literary composition. We cannot hope to create genius, but rather to develop and direct it."

Clinton Hood, graduate of Columbia University, was made head of the department. Sixteen principal courses, including newspaper correspondence and editorial writing, were offered. The department has been thus shifting the emphasis, so long as the experiment is founded on a recognition of the differences among children rather than a desire to make them conform to a standard type of character. The traits of character picked out—honesty, punctuality, obedience, are, we fear, more calculated to relieve the teacher than to benefit the child. For these are disciplinary virtues, and seem to show a preference for good little children, quiet at their desks, rather than for the more difficult attainments of self-reliance, courage, individuality.

## Social Activities

ONE of the most beautiful parties of the year will be a ball to be given tonight at the St. Louis Country Club by Mr. John Fitzgerald Lee of 3733 Lindell boulevard, to present his grandniece, Miss Juliet Carpenter, to society. Miss Carpenter is the daughter of Col. and Mrs. Edward G. Carpenter of Fort Monroe, Va., and with her mother is now the guest of her uncle, Charles M. Folk.

Several dinners will precede the party, including one given by Mr. and Mrs. James M. Francis of Lenox place and their daughter, Miss Marian, in honor of Miss Josephine Bates; another by Mr. and Mrs. Webster Tilton of 4954 Pershing avenue, in honor of Miss Lillie Allen, and a similar affair by Mr. and Mrs. Eugene P. Williams Jr. of the St. Louis Country Club grounds for Miss Marion Stoner. In addition, Miss Mary Carter Davis will be honor guest at such an affair, and other hosts will be Mrs. Taylor Carter of Vandeventer place and Mr. and Mrs. Henry McRee of St. Louis County.

Miss Aileen Lonsdale, debutante daughter of Mr. and Mrs. John G. Regis Apartments has as her guest Mrs. Beverly Platt of Kansas City. A number of informal parties will be given for the visitors.

Mrs. Florence P. Allison, formerly of Waterman avenue, and her daughter, Miss Jean Allison, have sailed from Europe and will return to St. Louis in a fortnight. They have been abroad more than two years.

## E. D. LIBBEY, GLASS MANUFACTURER, DIES

Internationally Known Art Connoisseur Succumbs at Home in Toledo, O.

By Associated Press.

TOLEDO, O., Nov. 12.—Edward Drummond Libbey, millionaire glass manufacturer and internationally known art connoisseur, died at his home shortly after 9 o'clock this morning.

He was stricken Sunday with pneumonia and intestinal influenza. With Mrs. Libbey he arrived in this country from a summer in Egypt only a few weeks ago. Libbey reached Toledo the latter part of October and intended to spend several weeks here before going to California where he has a large estate. He recently gave the Toledo Museum of Art more than \$1,000,000.

Mr. Libbey was born at Chelsea, Mass., April 17, 1854. He received his early education in the public schools of Boston and later attended lectures at Boston University.

Father Began in 1850.

Connection of the Libbey family with the glass industry began in 1850, when William L. Libbey, father of Mr. Libbey, entered the employ of the firm of Jarvis & Commaise, glass manufacturers at South Boston, in the capacity of a confidential clerk. In 1874 Mr. Libbey gave an interest in a glass factory his father established at East Cambridge. Subsequently the senior Libbey became powerful in the business and in 1883 his son became sole proprietor of his interests.

With the discovery of natural gas in Northwestern Ohio and consequent cheap fuel to manufacturers, Mr. Libbey moved his business here in 1888 and incorporated it as the Libbey Glass Co. Libbey served as president of the corporation until a few years ago, when the Libbey Glass Manufacturing Co. succeeded to the name.

Introduced Several Inventions.

Mr. Libbey helped to introduce several important inventions to the trade. Among them was the Owens machine, which blows glass automatically and which was credited with being a revolutionary device. In 1911, Mr. Libbey and his associates began experiments toward the perfection of a process of drawing window glass in flat, continuous sheets. The basic idea, conceived by the late Irving W.

## Colburn, was purchased at receiver's sale by the Toledo Glass Co. In the meantime, Mr. Libbey had organized the Owens Bottle Machine Co., and had obtained exclusive rights for the United States.

In 1906 he organized the Libbey-Owens Sheet Glass Co., purchasing the sheet glass patent outright. He served as president of both concerns.

In July, 1922, King Albert of Belgium conferred upon Mr. Libbey the Belgian order of the crown, with rank of Commander, in recognition of his accomplishments.

## OUTING CLUB MEETING TONIGHT

Members of the Coldwater Outing and Game Preserve will meet at the Chamber of Commerce tonight to discuss plans for a rustic hunting lodge and private bungalows on a 5500-acre tract they own in Ste. Genevieve County.

Tentative plans provide for a log building with dormitories, sleeping rooms and a large main hall with a cobblestone fireplace at either end, the interior finished in the rough. Frank H. Wieland, former Game and Fish Commissioner, is president of the organization, which consists mainly of St. Louisans.

## SPECIAL SYMPHONY CONCERT

To Be Held Tonight for Visiting Teachers.

The Symphony Orchestra tonight will give a special concert at the Coliseum for delegates to the Missouri State Teachers' Association. An attendance of 8000 is expected. The program will include Wagner's overture to "Rienzi," the Andante cantabile from Tchaikovsky's Fifth Symphony, Rimsky-Korsakoff's "Capriccio Espagnole," the first movement of Schubert's "Unfinished" symphony, the ballet music from Saint-Saens' "Samson and Delilah," Handel's Largo and today.

## The MIRROR of PUBLIC OPINION

This column is designed to reproduce without bias the latest comment by the leading publicists, newspapers and periodicals on the questions of the day.

REED OF MISSOURI.

SAMUEL W. TAIT JR. in the American Mercury for November.

FOR all his eagerness to question every new invention in legislation, his unflinching demand to be shown, it is a fact of history that James A. Reed, senior Senator from Missouri, (as he is fond of calling it), was neither born nor bred in that great Commonwealth of doubters. It was not until a year before the close of the Civil War that his parents moved him as a child from his birthplace in Ohio—and then they took him to the vicinity of Cedar Rapids, Ia. In the circumstances there is profound humor. Born in the State that fathered and houses the Antislavery League, and spending the first two decades of his life in a region noted for its perversity and outlandish manifestations of buccolic Puritanism, he was destined to become, in later life, the most pertinacious and effective enemy that the Union has ever known.

It is to be hoped, indeed, that he is as close to the White House as he will ever get. The vision of the Senate without him is too awful to contemplate. Minus his only genuine asset, his half of the Record would be unendurable and its galleries would be an uninhabitable as those of the House. But the consequences to the Senate of his elevation to the imperial throne would be as nothing compared to the dreadful effects upon Reed himself. Imagine such a man condemned by the traditions of a long line of humorists and predecessors to a daily routine of addressing national conventions of Rotary Clubs upon the value of Service, delegations of Boy Scouts upon True Americanism, and committees of Elbert H. Garys and young John D. Rockefellers upon the need of Law Enforcement! He would be precisely as comfortable in the shoes of Calvin as he would be in a heaven ruled by the Rev. William A. Sunday.

Wayne B. Wheeler and Mrs. Carrie Chapman Catt, and with rules of closure established by Brigadier-General Charles G. Dawes.

CHARACTER BUILDING IN SCHOOL.

THE Board of Education of Minneapolis has embarked upon an interesting experiment. Believing that development of character is the chief purpose of education, the board has eliminated in one of its schools the good old rating system which marked pupils in arithmetic, history, spelling, geography. From now on the public and important rating of children will be in industry, honesty, judgment, punctuality and deportment. They will come to feel that their behavior, and not how much they can keep in their heads, is the first consideration. There is much to be said for thus shifting the emphasis, so long as the experiment is founded on a recognition of the differences among children rather than a desire to make them conform to a standard type of character. The traits of character picked out—honesty, punctuality, obedience, are, we fear, more calculated to relieve the teacher than to benefit the child. For these are disciplinary virtues, and seem to show a preference for good little children, quiet at their desks, rather than for the more difficult attainments of self-reliance, courage, individuality.

"COLD NERVE" JOHN

By a Post-Dispatch Staff Photographer.  
COMMANDER JOHN RODGERS.

**PN-9 PILOT SAYS  
HANG ON TO ALL  
KINDS OF DEFENSE**

Retain the Old, Develop  
the New, Advises Com-  
mander John Rodgers on  
Arrival in St. Louis.

"Hang on to the old weapons.  
Develop the new."

That is the answer of Comman-  
der John Rodgers, United States  
Navy, leader of the historic Ha-  
waiian flight, to the cry now be-  
ing raised by many airmen for  
abandonment of the battleship as a  
first line of naval defense.

Rodgers, assistant chief of the  
Bureau of Aeronautics, arrived in  
St. Louis this morning and at noon  
addressed the Chamber of Com-  
merce, telling the story of the nine  
days during which he and the  
other men on the PN-9, No. 1,  
drifted helplessly on the Pacific. To-  
night he will speak before the Fly-  
ing Club of St. Louis at the Rac-  
quet Club.

The Rodgers of the trim blue  
uniform, that the reception com-  
mittee met today bore slight re-  
semblance to the gaunt, forbidding  
Rodgers of the flying togs as  
shown in Hawaiian flight photo-  
graphs.

He is a tall, youthful man of  
pleasing appearance, with the clear  
skin and the direct gaze of the  
seaman. Six feet tall, he is slim  
and well knit but carries himself  
with the indefinable looseness that  
distinguishes the navy man from  
the soldier. His general manner is  
one of almost indolent ease, but  
his speech is quick and incisive.

"Cold Nerve" John, his friends  
call him, and their estimate is  
borne out in his hard, blue eyes,  
heavily fringed with reddish lashes,  
and in the firm, decisive line of his  
lips. An ideal man to play a long  
chance, like the trans-Pacific flight,  
and to play it coolly, with the con-  
fidence of his men at top pitch  
through its every stage.

On the breast of his coat the  
Commander wore the golden wings  
of the naval aviator, but below  
them were campaign bars he had  
won as a line officer, his early  
training in which probably prompt-  
ing his defense of the battleship.

"We've got to keep our old weap-  
ons," he said to reporters. "It  
would be idle to abandon them. At  
the same time we must continue to  
develop the new weapons, the air-  
plane and kindred craft."

Service Need Expansion.  
Both army and naval air ser-  
vices need expansion, the Com-  
mander added, both as to person-  
nel and aircraft.

"We're getting some new ships,"  
he said, "ships of a fine type. But  
we need many more."

As was to have been expected,  
Commander Rodgers expressed em-  
phatic disapproval of any plan for  
an air force separate from the  
army and navy.

"Navy airplanes must be manned  
by naval officers," he said, giving  
the opinion almost universally held  
in his service. "The airplane is at-  
tached to the ship and is as much  
a part of its defense as the big  
gun. The flyer of the naval air-  
plane is a ship's officer. He must  
take his turn at ship's duties just  
like the other officers. Obviously,  
a man who knew nothing of the  
navy could not fill a job like that."

The Commander was unwilling  
to express himself on the confu-  
sion stirred by Col. William  
Mitchell.

"He didn't ask me about it be-  
fore he talked," said the Com-  
mander, humorously, referring  
probably to Col. Mitchell's criticism  
of the Hawaiian flight as ill-pre-  
pared and equipped.

**DR. HORTON IS GRANTED NEW  
DELAY OF FRAUD HEARING**

Temporary Injunction Suit Is Put Over to Nov. 25 in Cole County Court.

JEFFERSON CITY, Nov. 12.—Another delay in the injunction proceedings in which Dr. Ray B. Horton of Purdy, Mo., is seeking to prevent the State Board of Health from bringing him to trial on

charges of alleged fraud in procurement of his physician's license, was granted yesterday by Cole County Circuit Court.

The hearing on the temporary injunction, now in effect, was continued to Nov. 25. Horton is under indictment in Kansas City for third degree forgery in connection with alleged irregularity in educational credentials filed with the State Board of Health for medical students.

**TAX LIEN AGAINST PADEREWSKI**

U. S. Alleges He Failed to Pay \$4000 Income Levy.

LOS ANGELES, Nov. 12.—An income tax lien involving \$4000 was filed in United States District Court yesterday against Ignace Jan Paderewski, pianist, composer and former Premier of Poland. The Government alleges Paderewski owes the amount on his 1924 income.

**MAN KILLS WIFE AND SELF**

St. Joseph Residents Found Dead in Their Home.

By the Associated Press.

ST. JOSEPH, Mo., Nov. 12.—After shooting his wife to death with a shotgun late yesterday, Anton Zagrodzky, 48 years old, placed the muzzle of the weapon in his mouth and pulled the trigger with his toe.

The wife was shot twice. A

struggle had followed the firing of the first shot and the wife apparently had fallen in an attempt to wrest the weapon from her husband, according to the coroner. The two bodies were found last night by the wife's sister, Mrs. George Adams.

**Fall From Boxcar Kills Man.**

Martin L. Hjort, 23 years old, of 2354 Hickory street, died at St. Mary's Infirmary at 3 a. m. today

from injuries suffered two hours before, when he fell from the top of a boxcar under the rear of the string on which he was riding. Both legs were severed and his arms crushed. Police reported Hjort was setting the brakes on the second from the last car of the string when he lost his balance or was jolted from the car, falling between, the last car passing over him.

**NEW EVANGELICAL MISSION  
TO BE DEDICATED SUNDAY**

Alton Minister to Deliver First Sermon in New Building at 1821 Hickory Street.

The new Caroline Mission of the Evangelical Church, at 1821 Hickory street, will be dedicated at 2:30 p. m. Sunday, when Rev. O. Hegemeier of Alton, Ill., will preach

the first service there. The building of brick will be used in connection with the old structure which was purchased in 1918.

The evening service Sunday will be directed by the pastor of the mission, Rev. Albert E. Johnson, with the Rev. E. Berlekamp of Jefferson City, as a guest speaker. Howard Billman of the Chicago Federation, will speak to men Monday evening.

**New Serum for Distemper.**  
By the Associated Press.  
BUFFALO, N. Y., Nov. 13.—A committee appointed a year ago by the American National Fox Breeders' Association reports that it has perfected a serum almost certain to cure distemper in foxes and dogs. The report was made by Arthur Schlicher of St. Paul, chairman of the committee, who gave much of the credit for the discovery of the new serum to Dr. R. G. Green of the University of Minnesota.

## BURLEY TOBACCO POOL REPORTS \$3,000,000 SALE

Missouri Growers to Share in Profits of Co-operative Association.  
Special to the Post-Dispatch.  
LEXINGTON, K., Nov. 13.—Official announcement was made today that the Burley Tobacco Growers Co-operative Association, with headquarters here, has just closed a deal for the sale of 10,000,000 pounds of burley pooled tobacco to the American Tobacco Co. New York, for around \$3,000,000. This is the first large sale made by the Burley pool since last winter and general rejoicing all over the Burley district among the 108,000 members of the organization is expected.

Missouri has several counties affiliated with the pool and they will share in distribution of proceeds. Other large sales of pooled leaf are now pending according to President James C. Stone.

**COLLEGE GIRL DIES OF GAS**  
Senior at Smith Found Asphyxiated in Her Kitchenette.  
By the Associated Press.  
NORTHAMPTON, Mass., Nov. 13.—Miss Jeanne M. Robeson of Elizabeth City, N. C., a senior at Smith College, was found dead today in the kitchenette of her dormitory, Park House. Death was due to accidental asphyxiation, according to the medical examiner, Edward A. Brown, who was called by Miss Jeanne Wylie, the matron.

Miss Robeson was the daughter of Dr. John A. Robeson, a physician. She had planned to attend the Yale-Princeton football game tomorrow and went into the kitchenette last night to press some clothes in preparation for her trip to New Haven. It was believed she turned on the gas in a small two-burner stove and either tripped and fell or fainted before she put a match to the jet. It was believed she was unconscious throughout the night and died early this morning.

**70 PUPILS FIRED FOR STRIKE**  
Suspensions Follow Armistice Day Demonstration at St. Joseph.  
Special to the Post-Dispatch.  
ST. JOSEPH, Mo., Nov. 13.—The suspension yesterday of 70 students of Central High School here, following a walkout Wednesday as a protest against a session of school on Armistice day, has taken added significance. Miss Calla Varner, principal, who ordered the suspension, declared the students would not be allowed to return to school this week. Their parents first must see Supt. C. A. Greene, who is in

St. Louis attending the State teachers' convention.  
Among the student strikers are several football stars whose suspension will not permit their taking part in a game with Lincoln high school of Lincoln, Neb., Saturday.

The walkout came after the third period Wednesday, and was pre-arranged. Students from all four classes met on the campus where they sang: "Hall, Hall, the Gang's All Here." Marching to Robidoux high school, they tried to induce students there to join them, but did not succeed.

**NO DEMOTION FOR HAYNES**  
Recent Appointment of Jones as Dry Director Explained by Andrews.  
By the Associated Press.  
WASHINGTON, Nov. 13.—The recent appointment of James S. Jones, assistant prohibition commissioner, to the new post of Director of Prohibition, was declared by Assistant Secretary Andrews of the Treasury last night, to have been

required to complete the reorganization of enforcement machinery.

which he undertook last April. The Assistant Secretary's statement asserted that it was in no way a demotion for Commissioner Haynes, but rather was intended to relieve him of all remaining matters of administrative detail and supervision, leaving him free to develop "the vitally important field program in accordance with the plan announced last summer."

**CATARRH and HEAD COLDS Banished**  
You can get rid of the disagreeable symptoms of Catarrh or Chronic Head Colds. Dr. Platt's Rinex Prescription will root the most stubborn case completely. Go to your druggist. Ask for the regular \$1 package of Rinex. Take the dose prescribed. If all symptoms do not leave you within 24 hours, the druggist will gladly refund the purchase price. Don't let these troubles handicap you socially and in business. Rinex will quickly stop every nasal discharge. Headaches vanish. Food, offensive breath becomes sweet and clean. Rinex is also guaranteed for Asthma. Get it from your druggist.

**Extra Freight Rates for Whiskey.**  
By the Associated Press.  
WASHINGTON, Nov. 13.—Even legitimate whiskey shipments cause so much trouble and expense to railroads nowadays that the Interstate Commerce Commission held today that extra rates for its transportation were justifiable. The Santa Fe and other railroads that moved 43 carloads of whiskey to California points from Kentucky in 1923 and 1924 were held to have been right in collecting more than first-class rates from the shippers, A. E. Green and Maurice Selig. Every car of whiskey has a special guard riding on it, the decision said, and extra guards are provided at all terminals and switching points.

**How Weak, Frail, Thin People Gain Needed Weight and Strength**  
McCoy's Cod Liver Oil Compound Tablets will increase your weight 5 pounds in 30 days or your druggist is authorized to return your money.

No more will weak, thin unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out. Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure. Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and you don't gain 5 pounds in 30 days your druggist is authorized to return your money. One woman gained fifteen pounds in five weeks, according to her doctor—another ten pounds in three weeks. A very sickly child, aged twelve pounds in seven months, now plays with other children and has a good appetite. Just ask for McCoy's Cod Liver Oil Compound Tablets. Wolff-Willmer, Inc., 1000 Broadway, New York City, or your local Druggist. Endorse Druggist's Seal. Only 50¢ per box. Get McCoy's the original and beware of imitations.

## MANY DIALECTS IN CHINA, BUT ALL KNOW U. S. TOBACCO

B. A. T. Means British-American Tobacco Co.'s Products All Over the Land.

By the Associated Press.  
SHANGHAI, Nov. 13.—There are many dialects in China, but in all of them B-A-T spells British-American Tobacco Co. The firm has come to hold a unique place in the life of the Chinese people. Its name is a household word.

This conquest of the country has been achieved with the cigarette. Directly or indirectly the company employs 25,000 people in growing, manufacturing and distributing its products.

From the beginning, China took kindly to the cigarette imported from America. As long as 35 years ago it became apparent to one leading Shanghai importing house that some means to manufacture cigarettes in China must be devised to cope with the swiftly expanding demand. It was then that the first cigarette manufacturing machinery was brought from America.

From a little factory with a handful of workers, established in 1891 across the river from Shanghai, the British-American Tobacco Co. has grown to its present magnitude, outstripping the parent that created it, which now is a subsidiary concern.

The company's business is confined to China, and its remarkable success, its officials assert, may be attributed to a policy of meriting the good will of the Chinese people.

## VOLUME OF WORLD TRADE VIRTUALLY AT 1913 LEVEL

England Maintains Export Position, but Eastern and Central Europe Show Drop of 40 Per Cent.

By the Associated Press.

GENEVA, Nov. 13.—The total volume of world trade in 1924 was little if any less than in 1913, the year before the outbreak of the war, the League of Nations announced today. Hence, it declares, the world is beginning to recover from the ravages of the great conflict.

On the other hand, the distribution of trade has radically changed as the share of Eastern and Central Europe has dropped 40 per cent while that of Central America and Asia has greatly increased.

Great Britain has maintained her position, notwithstanding the fact that countries outside of Europe have received a smaller proportion of their imports from her than they did before the war.

Of the great trading countries, the report says, the United States, Canada and Japan are the three whose exports have increased the most, but China, Cuba, Mexico, the Dominican Republic, Salvador, Honduras, Greece and Peru all more than doubled the dollar value of their exports between 1913 and 1924. As the rise in the value of goods since 1913 is estimated at 50 per cent, all these countries have materially improved their status.

Regarding currency and central banks, the report emphasizes that by the middle of the current year there were 30 countries whose currencies were legally or de facto based on gold.

## GLORIA SWANSON ORDERED HELD IN JAIL TILL SHE PAYS FINE

By the Associated Press.

NEW YORK, Nov. 12.—The order placing Gloria Swanson in contempt of court for ignoring a summons as a witness was upheld by the Supreme Court yesterday, and at the same time it was learned that the process server had brought suit for \$25,000 damages against her because she slapped him, he alleged.

The Supreme Court ruling makes Miss Swanson liable to a \$250 fine. The contempt charge grew out of her failure to appear as a witness in the separation suit of Janet Becher and Dr. Richard Horace Hoffman. Instead of going to court Miss Swanson sailed for Europe. The court then directed she be arrested and held in Ludlow street jail until the fine of \$250 was paid.

On her return to the United States recently her attorney sought to have the contempt order vacated on the ground she had not been served with a subpoena. Wednesday night she was served with papers in the damage action brought by S. Alexander Cohen, a process server, who asserted that she had not only served the subpoena but had been slapped for his pains.

## MRS. VALENTINO SEEKS DIVORCE

Confirms Paris Advances That Suit Has Been Filed There.

Special to the Post-Dispatch.  
NEW YORK, Nov. 12.—It's all off between Rudolph Valentino and his wife, the former Winifred Hudnut. Mrs. Valentino interrupted a scene in her latest photoplay today long enough to confirm a dispatch from Paris announcing that she had sued for divorce against the movie "sheik."

"All I can tell you is that I will divorce Rudolph Valentino," she said. "In the future I will be known only as Natacha Rambova and will devote myself to a career as a film star."

Argentine Flyer to Get New Engine

By the Associated Press.

BUENOS AIRES, Nov. 13.—Guillermo Hillcoat, Argentine aviator, attempting a flight to New York, is returning from Salta to Santiago del Estero, Argentina, to replace the motor of his plane with one which is being rushed to Santiago by air. He expects to resume his flight Monday. His Mexican passenger, Romay, is reported to have arrived at La Paz, Bolivia, where he is awaiting word from Hillcoat regarding his plans.

# C. M. & ST. P. REORGANIZATION TERMS REPORTED REACHED

New York Times Says Agreement to Be Signed Today Covers Objections of Bond Holders.

The Associated Press.

NEW YORK, Nov. 12.—The New York Times says that reorganization terms for the Chicago, Milwaukee & St. Paul Railway have been reached.

The opposing forces will meet today for the final signing of terms virtually agreed upon by both sides, according to the paper.

Proponent and opponent maintained secrecy on the details of the peace terms, while conferences were being held, but the news leaked out.

The objection by Roosevelt and Sen. leaders of the opposition, which found a receptive attitude on the part of the proponents of the reorganization, was to the treatment of the \$230,950,796 St. Paul bonds in default. In the original plan of Kahn, Loeb & Co. and the National City Bank, holders of these bonds were to receive 5 per

cent adjustment mortgage bonds in the principal amount of their present holdings. These bonds were entirely dependent upon the future earnings of the road for their interest, which placed them in somewhat the same position as prior preference stock.

The Roosevelt Committee suggested that in addition to the bonds bearing 5 per cent interest, they receive 1 per cent additional after dividends on the preferred stock in any year had reached 4 per cent.

The peace terms will not leave the new St. Paul Co. to carry the burden of the Government debt which will be paid off as soon as sufficient assessments have been received from the stockholders. This will make impossible the cut in assessment from \$28 a share for the preferred and \$12 for the common to \$10 for both classes as suggested in the Roosevelt plan. From the best information obtainable the assessments will remain substantially as they were first announced.

## POLICE TO INVESTIGATE DEATH OF TWO WORKMEN IN CAVE-IN

Head of St. Louis Construction Concern Attributes Slide to Vibration from Nearby Traffic.

A thorough investigation into the deaths of the two workmen, who were killed yesterday in East St. Louis in the cave-in of a sewer excavation at Ninth street and Lave avenue, has been undertaken by Chief of Police Barry. The report of the investigation will be submitted to City Counselor Gu-

lin. The victims are George P. La-moth, of 624 North Sixth street, and Frank McDrow of 1421A Gay avenue, both employed by the H.H. Construction Co.

A slab of earth the depth of the trench, 40 feet long, and form-

ing one side of it, broke off with the edge of the street and buried the two workmen. The trench is three feet from edge of the paving and runs parallel with it.

## WIFE BETS FINAL DECREE

### AGAINST CULP, ELOPING PASTOR

Tells the Court Emphatically She Will Never Take Him Back.

The Associated Press.

SOUTH BEND, Ind., Nov. 12.—Rev. Wilson W. Culp, who deserted his wife and 18 children to elope with Mrs. Dorothy Culp, his wife, is free to marry again, his wife having been granted a final decree of divorce here yesterday.

She was forgiven by Mrs. Culp, his first elopement with a stranger, but yesterday she said, "I will not," when Judge Carey, asked her if she would have her husband back. Culp's whereabouts are unknown.

## Blame Your Stomach For Nervousness and Sleeplessness

Your Chance to Get Better Quick with Wonderful Health Building Stomach Medicine That St. Louis Druggists Offer on Money Back Plan.

The best druggists in the country today concede that the phenomenal sales of Dare's Mentha Pepsin during the past year are due to the fact that it is the one supremely efficient health building stomach remedy in America today.

Sleeplessness, despondency, nervousness, dizzy spells, headache, dull eyes and bad breath all come from a disordered stomach.

If your stomach is again made clean, strong and healthy so that you can digest the heartiest meal without distress all the above mentioned troubles will speedily vanish.

If you have any stomach disturbance—indigestion, gastritis or dyspepsia—never mind what you call it—make up your mind today that you are going to get rid of it and all your

nervousness, too.

With Dare's Mentha Pepsin, a delightful and effective elixir, you can get almost instant relief from gas, fullness, bloating and that feeling of near suffocation.

Is there any reason on earth why the medicine that has helped and is helping thousands of people daily shouldn't help you?

Ask any up-to-date druggist about this great stomach tonic elixir. He will tell you that if one bottle doesn't help you more than anything else you ever tried you can have your money back.

So why have indigestion, acids or chronic flatulence? All when Dare's Mentha Pepsin is at hand?

Don't forget, either, that it is a fine tonic that puts vim and vigor into run-down people and makes living a pleasure. For sale by Wolff-Valdes Drug Co., Johnson Bros. Drug Co., Walgreen Drug Co. (successors to Judge & Dolph Store).

# CROSSWORD PUZZLE FAILS MAN CONVICTED OF ROBBERY

Leo Tighe Had Been Identified by  
Cafe Proprietor, Who  
Lost \$90.

Testimony that he was at his  
home, 4444 Natural Bridge avenue,  
working crossword puzzles at the  
time two robbers obtained \$90 from  
Pan Laon, proprietor of the Tux-  
edo Cafe, 5550 Delmar boulevard,  
failed to save Leo Tighe, 25 years  
old, yesterday. Tighe was found  
guilty of participation in the rob-  
bery by a jury in Judge Land-  
wehr's court and sentenced to five  
years in prison.

Tighe was identified in court by  
Laon as one of the two robbers  
who held him up in his cafe on  
the night of March 11, last, and es-  
caped with \$90 from the cash  
drawer. The defense presented all-  
bit testimony by Tighe and mem-  
bers of his family. The defendant  
and his witnesses said they placed  
the date at which Tighe remained  
at home working puzzles by the  
birthday of a woman friend of the  
family, whom they congratulated  
by telephone. The woman testified  
that March 11 is her birthday and  
that the Tighe family called her up  
that evening.

Tighe was arrested March 27 at  
Union boulevard and Easton avenue  
while waiting for a street car, and  
identified at that time by Laon as  
one of the robbers. The second  
robber has not been apprehended.

## TRUNKS OF ACTRESS HELD ON A CLAIM FOR \$749.95

Edna Hubbard Says New York  
Judgment Was Obtained by  
Booking Agency.

Two trunks and a handbag be-  
longing to Edna Hubbard, leading  
woman of a show now playing at  
a local theater, were attached at  
Hotel Jefferson today by Deputy  
Sheriff Flint on a Circuit Court or-  
der. Application for the attach-  
ment was filed by Geo. Jacobs and  
William Edelstein of New York,  
who set forth that they had a  
claim of \$749.95 against the actress  
in the form of a Manhattan munici-  
pal court judgment.

Miss Hubbard told Flint the  
claimants operate a theatrical  
booking agency there. She said the  
difficulty would be adjusted by this  
evening. Flint allowed her to keep  
out enough clothing to wear on  
the street and at tonight's per-  
formance.

## SOFIA MAYOR ASSASSINATED, SLAYER ENDS OWN LIFE

Madjarow Was Son of Former  
Minister to Great Britain  
and Russia.

By the Associated Press.  
SOFIA, Nov. 12.—M. Madjarow,  
Mayor of Sofia and son of the Bul-  
garian diplomat, Michael Mad-  
jarow, was assassinated today by  
a former municipal employee, who  
had been discharged recently. The  
assassin committed suicide.

Mayor Madjarow's father was  
one of Bulgaria's leading states-  
men before the war, being vari-  
ous times Minister to Russia, and  
Great Britain and holding several  
portfolios in the Bulgarian Cabinet.  
He was well known for his pro-ally  
attitude prior to Bulgaria's entrance  
into the war on the side of the  
Central Powers.

## WOMAN ROBBED OF \$750 RING BY NEGRO IN HOLDUP

Robber Who Accosted Her as She  
Got Off Car Also Took  
Fur With \$27.

Mrs. John M. Patterson of Mex-  
ico, Mo., who is visiting her broth-  
er-in-law, R. H. Dentzer, 908 More-  
land avenue, Glendale, was robbed  
of a pocketbook containing \$27 and  
a diamond ring valued at \$750, by  
an armed negro who accosted her  
as she alighted from a Kirkwood-  
Ferguson car at Collins road last  
night.

Mrs. Patterson was returning  
from a jewelry store where she had  
left jewelry valued at \$1500 for re-  
pair.

## MURDER CHARGE DROPPED Husband Was Held in Connection With Second Wife's Death.

By the Associated Press.  
RICHMOND, Va., Nov. 12.—  
Charges of murder preferred  
against Herbert E. Richardson, who  
his wife was found dead in  
their apartment on Sept. 21, were  
dismissed yesterday. Richardson,  
whose first wife, Mrs. Theima Ham  
Richardson, formerly of St. Atlanta,  
was killed in a scuffle over a pil-  
lbox with Thomas Pollard, local  
realtor, told the authorities when  
held for his second wife's death  
that he came home unexpectedly  
and found another man with her.  
A fight followed, he declared, dur-  
ing which he pushed his wife and  
she fell.

After walking the streets for 24  
hours, he tried to end his own life  
and was taken to the hospital with  
a self-inflicted bullet wound. He  
then asked officers to investigate  
the condition of Mrs. Richardson  
and she was found dead in bed. A  
Coroner's jury held she probably  
had died from natural causes.

## SOVIET DENIES ITALIAN PACT

Copyright, 1935, by the Press and Publi-  
cations Co. (New York World  
and Post-Dispatch.)

ROME, Nov. 12.—The soviet  
embassy in Rome has issued to the  
Italian press a denial of the al-  
leged secret pact between Moscow  
and the Italian Government. Sum-  
ming up the text as it appeared in  
the New York World and Post-  
Dispatch, the embassy says:  
"The notice evidently aims to lay  
doubt as to the soviet's good rela-  
tions with Turkey at the moment  
when important problems face both  
states. An example is Mosul,  
which the soviet is tackling in a  
spirit animated solely by a desire  
to promote peace."

## What makes H & K the world's finest coffee?

Most coffee is ground unevenly, some grains are big and others small. Through a microscope it looks like figure 1. When you brew such coffee the larger grains are not brewed sufficiently to give you their money's worth of richness; and the small grains are brewed too much, making your coffee hard and bitter.

Figure 1.

One reason why H & K Coffee is so much better is because it is EVEN-ground, like figure 2. While being ground

H & K Coffee is sifted thru a mesh that holds back all the larger grains and grinds them over again, until all are ground about alike. That is why H & K Coffee is EVEN-ground. Just compare it! That is why it brews so quickly—so evenly—so absolutely free from bitterness—and is so clear and amber-colored in the cup.

No wonder H & K is known as the world's finest coffee.

Figure 2.

Let your grocer send you H & K

Vacuum-packed with all the rich flavor and rare aroma sealed in until you open it yourself.

### TO MAKE VEHICLES EQUIPPED WITH NEW STEAM ENGINE

Corporation in Cleveland to Utilize Entirely New Mechanical Principle in Manufacture.

By the Associated Press. CLEVELAND, O., Nov. 13.—Manufacture of buses, taxicabs and other vehicles propelled by a newly invented steam engine is expected to start here within a few days.

This announcement was made today by officials of the Steam Appliance Corporation of America, following a successful tryout of a taxicab fitted with the new steam generator and engine yesterday.

The engine embodies an entirely new mechanical principle, where other steam engines are run by a piston turning a crank, flywheel and shaft or on the principle of the steam turbine, the new method utilizes the cylinder and piston. The cylinders revolve around the shaft and the power is taken off the engine. Except for the case and shaft, the entire engine revolves.

It is apparent from this dispatch that the principle of the well-known Gnome airplane engine has been applied.

### \$100 REWARD IF MISSING SALESMAN CAN BE FOUND

Circulars advertising a \$100 reward for information leading to the finding of George A. Crecelius, 43 years old, a salesman for a vinegar company, who disappeared from his home, 625 Passen street, Oct. 28, have been issued by Chief of Police Gerk.

A picture of Crecelius, who is about 5 feet 5 inches tall, of medium build and dark complexion and black hair mixed with grey, is on the circular. He was last seen in a grocery at 310 Hickory street.

## LISTERINE TOOTH PASTE

Made by the makers of Listerine

### This will interest you—

IT tells you how you may save in the course of one year the very worth-while price of twenty-five loaves of bread.

Here's the way:

Most of the popular tooth pastes—and there are many of them—sell for 50 cents.

Listerine Tooth Paste—as good a tooth paste as modern science knows how to make—sells at 25 cents for the large tube.

Like most people you probably use, say, a tube a month.

Figure for yourself how much bread that saving will buy for your table in the course of a year.

Certainly well worth considering!

## Scientific Explanation Of How to Be Glad

Prof. Patty Smith Hill of Columbia University  
Tells Missouri Teachers of Bases of  
Pollyanna Formula.

Pollyanna in tortoise-shell glasses—"The Glad Girl," focusing her microscope, giving a turn to her Vernier calipers, making a rapid calculation on her slide rule and diving into 57 books of psychology to give a scientific, scrutinized, measured and calculated set of rules for "how to be glad!"

Prof. Patty Smith Hill of the Columbia University Teachers' College was telling the Missouri Teachers' Association yesterday afternoon at the New Coliseum how to make life worth while in the school or anywhere else. And, as indicated, her recipe for optimism was based on half a dozen sciences, including at least: physiology, biology, psychology, economics and sociology.

In the first place, she said, life can't be worth while without good health. Particularly for a school child. If there must be compulsory education, there should be compulsory good health. And

along with health of body must go health of mind and sanity of the emotional life.

### Not Always in Ecstasy.

Life can't be very much of a lark to anybody who thinks the world is a rotten place. "I am not urging blindness," Prof. Smith elucidated. "I don't mean that anyone should or can live perpetually in the emotional ecstasy of—

"God's in his Heaven." "All's right with the world." "Perhaps it's better to acknowledge, as William James said, that sweat and dirt are a part of life but with that acknowledgment to believe that something can and must be done about it, that it's our part to make it better, pleasanter, nobler than we found it."

She enumerated "habits of thinking and feeling" that could make or mar the "glad girl" or the "glad boy" or the "glad anybody. Among those habits that could make were the sense of contentment and happiness—"that life's a joy in spite of school;" and the sense of serenity, of good cheer, of humor, and of right to choose as well as obey, to

These that might mar included the habit of fear—fear of death, of invalidism or of penury, and the habits of irritability, timidity, and failure. "Cure the grievance habit early," she admonished. "If the habit of failure is not stamped out, it will grow up into enervating indifference, or a definite and blighting sense of failure."

**Disease of Grouchiness.** "The grouch or tyrant, the one who always yields and the chronic follower, all are victims of emotional diseases which are inimical to living successfully, happily or even bearably."

There must be a sense of being at the right job, not "a square peg in a round hole," and a sense of constant growth. "No amount of fortune, of short hours and high wages, without that, can make life bearable," Prof. Smith declared. "We come into this life weak, ignorant and unsure. Perhaps we go a long way in it weak, ignorant and unsure. But with chance and opportunity we may grow beyond them." The only one more important, she said, was a sense of helping someone else grow.

But no amount of growth would satisfy one if he did not realize it in a sense of achievement, and that would be simply awful if other people did not know about it, and give one an occasional pat on the back.

### Not All Slavery.

"It doesn't make us egotistical if also we have somebody to point out where we have not done well. "Life is not worth while to a slave. Children must be made to feel that sometimes they have a right to choose as well as obey, to

make decisions and to be responsible for them.

"There must be freedom from unwholesome economic pressure. If life is to be worth while, you must be able to earn not merely enough for a decent living, but enough to save for the future. Besides the right salary, there should be every opportunity for insurance and pensions."

"Life can be most worth while only when we have in our circle those upon whom we can bestow protection. We can realize its heights only when we know that we stand between someone and the 'cold blast' and that someone will stand between us and that 'cold blast.' That, I believe, is much of religion."

**Banjo Artist Takes a Bride.**  
By the Associated Press.  
WASHINGTON, Nov. 13.—The marriage of Brooke Johns, banjo artist and former "Follies" star, to Miss Hazel Mahaska Barnsley of Maryland was announced here today. The bride gave her age as 18. Johns is 21.

## See the POST-DISPATCH TUESDAY, NOVEMBER 17th

Combination Dollar Day was originated in St. Louis by the Post-Dispatch—It Sets the Pace!

Dollar Day in the Post-Dispatch, through the co-operation of merchants in many lines, has become an institution for saving among thrifty buyers.

Let me  
prove this to you  
as I have to  
500,000 others

**F**IVE HUNDRED THOUSAND! It sounds like a tremendous number. It is hard to realize that I have really met and talked with that many people in the last few years.

Most of them were visitors at Postum headquarters in Battle Creek. They were sightseers—normal, average American men and women.

They didn't think they were interested in Postum, most of them, until I served them a cup. Then I wish you could have seen their attitude change. "Why, Mrs. Blanchard, this is a wonderful drink! I didn't dream—" How many times I've heard that!

I just wish I could prove to you, as I did to them, how good Postum is! I can, too, if you'll give me the chance.

Let me send you one week's supply, free, and my personal directions for preparing it. You'll learn, shortly, how to make it just as well as I can. Then keep on using it for thirty days.

That will be the most convincing part of the test, for by the end of thirty days you will be able to measure your physical gains—what it means to you to be free from caffeine stimulation—what it means to enjoy, in place of caffeine, a drink made of wholesome grain.

Make the test! If you wish to begin today, get Postum at your grocer's—it costs only one-half cent a cup. Or I'll send you one week's supply as soon as I hear from you.

**OLCOTT ASCRIBES RECOVERY TO PRAYERS OF HIS FRIENDS**  
Healing Qualities in Hands of His Wife Also Helped, Actor Asserts.

By the Associated Press.

NEW YORK, Nov. 13.—Now convalescent from recurring kidney and heart ailments Chauncey Olcott, actor, is attributing his recovery to the prayers of his friends.

He also ascribes in part his recovery to healing qualities in the hands of his wife, a seventh daughter. She has just presented to him a marble reproduction of her hands done by a sculptor who felt inspired by St. Therese, the "Little Flower of Jesus."

"There is no doubt at all that I have been healed through prayer," said Olcott, greeting friends in his home near the East River, where he recovered from illness five years ago.

"When my serious illness became known all of my friends, rich and poor, began praying. Many priests throughout the city offered up mass for me last Sunday. Letters began pouring in from all parts of the country from friends who said they were praying for me. And now their prayers are answered. I am going for a ride in the park."

Coast Guard Ship Goes Aground.

By the Associated Press.

BOSTON, Nov. 13.—The Coast Guard Destroyer Cummings went aground this forenoon on Menasha Breakwater, according to radio dispatches picked up here. Messages asking the coast guard cutter Acushnet and the Gay Head Station for aid were picked up.

Escaped Trap Oct. 29.

Durkin was believed to have been wounded when he escaped Oct. 29 from a police trap set in the apartment of Lloyd Austin, who, with Sergeant Harry Gray, was killed in the ensuing pistol fight. Durkin previously was sought in many cities after he killed Edward Shanahan, a Federal agent, who attempted to arrest him in a garage for an automobile theft Oct. 21.

The farewell letter, containing 12 pages, expressed regret for the slayings and told of the writer's love for his mother and for Mrs. Betty Werner, with whose small son, Jack, he had planned "to start a new and clean life over."

Mrs. Werner, held after Durkin's escape Oct. 29, later was released. She was sought for questioning in connection with the suicide note, but was not found early today. She was with Durkin the night he walked into the police ambush in Austin's flat.

"Crime Don't Pay."

"It breaks my heart to do this thing, but I know it's much better than getting killed by the police. They would kill me even before I got to trial," the letter said.

"Crime don't pay, I see, but too late," the letter concludes.

## FUGITIVE SLAYER MAY HAVE DROWNED SELF

Chicago Police, However, Doubt Evidence of Martin J. Durkin's Death.

By the Associated Press.

CHICAGO, Nov. 13.—Martin J. Durkin, automobile thief and murderer, may be drowned in Chicago River, or he may have perpetrated a suicide hoax with shot-torn clothing and a farewell letter to his mother. The handwriting and clothing, found on the Michigan boulevard bridge last night, were identified as his by his sister, Lulu. Coast guards dragged the river all night.

Despite the assertion that the writer was slowly dying of a bullet wound in the lung and was desperate, police doubt his expressed intention to end his life in the river. There was little doubt, however, that the letter and clothing were the murderer's. The blue overcoat and a gray suit coat, bearing a Kansas City firm's label, had shot-gun tears through the left sleeve and dried blood on the linings. A dark plaid cap was found beside the coats.

Escaped Trap Oct. 29.  
Durkin was believed to have been wounded when he escaped Oct. 29 from a police trap set in the apartment of Lloyd Austin, who, with Sergeant Harry Gray, was killed in the ensuing pistol fight. blended

KRAFT CHEESE

Very few people realize what the word  
"blended" means when applied to cheese.  
Tea, coffee and other foods are blended to  
produce a particular flavor. Kraft Cheese is also  
blended to produce a perfect flavor, but blending  
is also the only known way of making cheese  
that will be the same in age, texture and quality  
from day to day. Kraft Cheese is blended only  
from the very choicest of our country made  
cheese. You will find it always the same, always  
good.

FARMERS IN GOOD  
SHAPE, SAYS LAND  
LOAN BANK CHIEF

Commissioner Cooper Finds  
Low Price of Corn Source  
of Complaint in Middle  
West.

By the Associated Press.  
WASHINGTON, Nov. 13.—Com-  
missioner Cooper of the Farm Loan  
Board, who has just returned from  
a tour of inspection of the various  
sections covered by the 12 land  
banks, views agricultural condi-  
tions throughout the country as "in  
the main, satisfactory."

The Commissioner issued a state-  
ment giving in some detail his first-  
hand observation of conditions in  
the various sections.

Complaint on Corn Price.  
"Conditions in the St. Louis dis-  
trict—Illinois, Arkansas and Mis-  
souri—the whole were very  
good. Some complaint was made  
of the low price of corn.

"In the Wichita district—Kan-  
sas, Oklahoma, Colorado and New  
Mexico—the general report was  
very gratifying, although some lo-  
cal sections had been affected by  
short rainfall. The especially grat-  
ifying condition in this district was  
the revival of the livestock indus-  
try.

"The Omaha district—Nebraska,  
Iowa, South Dakota and Wyoming  
—reported very satisfactory crop  
conditions, with good collections.  
This district complained of very se-  
rious condition as to lack of market  
for corn.

Good Crops in West.  
In the St. Paul district—Minne-  
sota, Michigan, Wisconsin and  
North Dakota—conditions on the  
whole were very satisfactory. In  
the Spokane district—Montana,  
Idaho, Washington and Oregon—  
crop conditions generally very  
good, except some local drought;  
unseasonable late rains interfering  
with threshing and possibly caus-  
ing some loss to unthreshed wheat  
in Montana.

The Berkeley district—Califor-  
nia, Utah, Nevada and Arizona—  
reported conditions generally very  
satisfactory.

FORMER SCHOOL TEACHER  
SENTENCED TO THREE YEARS

C. A. Anderson Was Convicted of  
Mann Act Violation; Prison  
Terms for Drug Addict.

Three men, charged with the  
sale and possession of narcotics,  
who pleaded guilty before Federal  
Judge English at East St. Louis  
yesterday, were given prison sen-  
tences at Leavenworth.

Two brothers, Thurman and Had-  
ley McCreary, who, narcotic agents  
testified, were the chief source of  
supply for several narcotic shops  
located recently in East St. Louis,  
received sentences of three years  
and 18 months, respectively. Homer  
Trotter, 35 years old, of Gallatin,  
Mo., also arrested in East St. Louis,  
who said he had been an addict  
since the age of nine, and who has  
already served three jail sentences  
in Missouri for possession, was sen-  
tenced to a year and a day on a  
charge of selling narcotics.

C. A. Anderson, 31, a school  
teacher, of Indianapolis, was sen-  
tenced to three years for violating  
the Mann act. He pleaded guilty  
to taking Mironne Singleton from  
Danville, Ill., to Indianapolis,  
where they lived as man and wife.  
He told the court he had had two  
years of college work to his credit  
and was teaching to earn money to  
complete his education.

Joseph R. Kloppenburg, a drug-  
gist of St. Louis, and confessed ad-  
dict, pleaded guilty to wrongfully  
obtaining a permit to sell nar-  
cotics. Sentence was suspended  
and he was admitted to probation  
on his plea that he was being cured  
of the habit. He was indicted in  
1923.

UNEMPLOYMENT AT MINIMUM  
Steel Manufacturing and Coal Min-  
ing Companies Extend Labor  
Forces.

By the Associated Press.  
WASHINGTON, Nov. 13.—Indus-  
trial conditions at the end of Octo-  
ber were such that no material un-  
employment existed anywhere in  
the country, the United States Em-  
ployment Service reports, and the  
outlook showed little danger of  
any appearing.

Steel manufacturing and coal  
mining companies were reported to  
be expanding their labor forces,  
while the cotton crop in Southern  
states and the building industry all  
over the nation were mentioned as  
other causes for the full employ-  
ment early in the year, was found  
to be on the upgrade, while the  
tremendous volume of freight traf-  
fic not only kept railroad forces at  
high levels, but also indicated that  
activity in miscellaneous industry  
was demanding nearly all the la-  
bor available.

TROUBLE IN SPAIN STIFLED  
Embassy in Paris Says Only Army  
Officers Were Involved.

PARIS, Nov. 13.—The Spanish  
embassy here announced today that  
the trouble in Spain has been com-  
pletely stifled.

The movement was confined to  
army officers in Madrid, Barcelona  
and Saragossa, who were dissatis-  
fied with the distribution of re-  
wards for service in Morocco.

## **GEORGE GOULD WINS IN SUIT OVER MARRIAGE**

Decision Will Release to Him Several Millions of Income From Father's Estate.

Special to the Post-Dispatch.  
NEW YORK, Nov. 13.—Supreme Court Justice Aaron J. Levy today upheld the recent decision of Referee James O'Gorman that the third marriage of George Gould was not a violation of the marriage clause in the will of the late Jay Gould forbidding any of his children to marry without the consent of the other trustees of his \$90,000,000 estate.

The penalty inflicted upon Frank Gould for marrying without the permission of the other children was the impounding of half of his income from the estate—\$250,000 a year—and now amounts to several millions, which, under Referee O'Gorman's decision, must be returned to him.

Charles Robinson, attorney for Lady Decies, and J. Arthur Levy, representing Mrs. Gertrude Drexel of Philadelphia, immediately notified Justice Levy that they would appeal his decision to the Appellate Court.

Through a mechanical error in his account of the Gould estate decision yesterday the Post-Dispatch inadvertently printed what appeared to be a reflection upon the conduct of Mrs. Shepard.

In quoting the opinion of the referee, the Post-Dispatch said: "She (Mrs. Shepard) was at times most scrupulous in the performance of the duties," whereas the correct language of the opinion reads: "She was at all times most scrupulous in the performance of the duties." The unintentional omission of the word "all" gave a significance to the phrase very different from that intended by the referee.

Former Anna Gould and Children to Profit by Ruling.

By the Associated Press.  
PARIS, Nov. 13.—The Duchess of Talleyrand, formerly Anna Gould, and her children, will profit by the ruling of Referee O'Gorman of the Supreme Court of New York that five of the heirs of the Jay Gould estate, including the original trustees, are responsible for losses estimated at \$20,000,000 and are liable to that amount. Information comes from what is considered an authoritative source that the losses will be made good and that the five children of the Duchess of Talleyrand, who was not mentioned in Judge O'Gorman's decision as liable for any of the losses incurred, will receive their share of about \$10,000,000.

**\$13,000 CLAIMS AGAINST WOUSING TRUST ALLOWED**  
Order Made in Case of the Defunct United Home Builders of America.

Claims totaling approximately \$13,000 against the defunct United Home Builders of America were ordered paid yesterday by Circuit Judge Falkenhainer.

The order was made on petition of State Finance Commissioner French, in charge of the assets as receiver. The United Home Builders was one of the common-law trust taken over by the State Finance Department in April, 1925, for liquidation of William Sacks, oil promoter, was one of its trustees.

The principal asset of the Home Builders was a leasehold interest in an office building at 217 North Seventh street. This was sold some time ago by the receiver, the estate netting \$60,000 from the equity.

Claims allowed yesterday were on the basis of the cash surrender value for deposits made by 43 persons who had invested in contracts of the trust. Additional claims on the same basis heretofore have been allowed.

According to Wilbur B. Jones, one of the attorneys for the receiver, there will be sufficient to pay all contracts in full, that is, he explained, on the basis of the cash surrender value. At this time, he said, he was not prepared to announce the total amount due.

**POLICE SEEKING THE OWNERS OF TWO ABANDONED AUTOS**  
One of the Cars, a Ford Coupe, Had Stood at 3921 Utah street for Two Weeks.

Police are trying to trace the ownership of two automobiles abandoned in the street and which were hauled last night to the police garage to await their owners.

One car, a Ford coupe, was parked at 3921 Utah street for two weeks when the police were notified. The other, an Overland touring car with an Illinois license, was abandoned Sunday in the 4200 block on Arco avenue after it collided with a parked machine. The driver left presumably to see if they had more than the legal maximum of birds has been referred by Prosecuting Attorney F. M. Brady of Benton County to the Attorney-General for a ruling. Searches without warrants have been made extensively since the quail season opened.

## FOURTH PHILADELPHIA WOMAN IS ATTACKED

Strangler Put to Flight While  
Funeral for Third Victim  
Is Being Conducted.

Special to the Post-Dispatch. Nov. 13.—Timely arrival of her mother-in-law saved the fourth victim of a Philadelphia strangler from death and gave the police and detectives the best clue they have had so far.

The woman, whose name and address the police refuse to disclose lest it hamper them in their search, yesterday was scrubbing the front steps of her home in the same neighborhood in which the three other crimes occurred. She was at a sink in the kitchen and while she bent over, the man leaped at her. He clutched his fingers about her throat and strangled and beat her into insensibility.

He carried her upstairs and was checking her when her mother-in-law arrived at the front door. When she rang the bell the man loosed his grasp and fled. Meanwhile a crowd gathered in front of the home of Mrs. Lena Weiner at 2421 North Napa street. Killed by the strangler Monday. By the time Rabbi Marcus Neukind chanted the funeral service from the door step, 2500 excited men and women had gathered. Two other women have been murdered in similar circumstances.

**YOUNG BLACKMAILERS USED  
WOMEN TO FRAME 'PROSPECTS'**  
Freeport (Ill.) Youths Based Extortions on Alleged Liquor Evidence.

By the Associated Press. FREEPORT, Ill., Nov. 13.—That three youths who have upset this little city with their extortion plots, were students of Nietzsche and that two women, one of whom has been taken into custody by police, were used to "frame" prospective victims, are the latest developments in the case of Harry Commons, Henry Raspin and D. R. Schroeder, confessed members of a youthful blackmail ring, which sought to extort money from many local citizens.

The woman questioned by the police is Mrs. Charles Symons, wife of a local magnetic healer, whose offices are in the same building where the boys maintained a three-room suite as a headquarters for a "detective agency." A second woman named Schroeder is being sought by police.

According to Schroeder's confession, yesterday, Mrs. Symons induced several local men to give or sell her liquor. This evidence then was to be used to extort money. Schroeder said this was the basis for the threatening letters sent George Ott, local business man.

Schroeder told the police the boys had been reading Nietzsche. He is inclined to believe now that he does not qualify as a "superman," he told police.

Police believe that other residents have either paid extortion money or have received threatening letters in addition to the four whose names are known. They are Ott, Frank Haegele, foundryman who paid \$1000; Leroy Balle, against whom the boys used alleged knowledge of bootlegging activity, and S. E. Raines, Superintendent of Schools, against whom threats of death were used.

**INQUEST INTO DEATH  
OF STENOGRAPHER CONTINUED**

Maude E. Evans, 35, Was Missing 24 Hours Before Body Was Found, Father Testifies.

Miss Maude E. Evans, 35 years old, was missing from her home, 1919 Union boulevard, almost 24 hours when her body was found on the muddy bank of the Meramec River at Meramec Highlands yesterday, her father, William Evans, an architect, testified today at the inquest at Kirkwood. The inquest was continued until tomorrow because of the absence of witnesses who say they saw her on the river bank Wednesday.

Evans said his daughter quit her work as a stenographer on Aug. 21 because of a nervous breakdown and had been in ill health since. She left home at 11 a. m. Wednesday, spent a few minutes at a sister's home and then disappeared, he related. In the evening he notified the police and in the morning because she "had an infatuation for Meramec Highlands," he went there to look for her.

After his return home, her body was found, fully clothed, and apparently left on the bank by the water as it receded overnight from a high level. Coroner Bopp said the body indicated that death was due to drowning.

**LEAPS FROM HIS AUTO JUST

Belleville Man Was on Crossing Before He Saw His Danger; Blames Railway Company.

George Ladewig of Rural Route No. 4, Belleville, saved himself from injury and possible death yesterday by leaping from his automobile at the School street crossing of the Louisville & Nashville Railroad, when a boxcar bore down on him. The machine was demolished.

Ladewig says he did not see the car until he was on the tracks. In his report to the police he blames the railroad company for failing to have a watchman at the crossing.

When They  
Come Around  
For Your  
Five

Perhaps you have thought of giving the same \$5 or \$50 that you gave last year—and the year before. But why Five or Fifty? Why anything if that's the way you feel?

Isn't there a better way of considering the Community Fund? Perhaps you have children growing up who, some day, may need the vast medical, health and Hospital System that the Community Fund helps maintain. Or possibly the lives of your sons and daughters—or their friends—are being moulded by such character-forming organizations as the Y.W.C.A.—The Y.M.C.A.—The Girl or Boy Scouts. Is the price of a new Fall hat all you would give? Aside from Simon pure charity, you should have a vital, selfish interest in these 50 organizations. Consider what your share is, this year. Don't give out of habit. Think it out carefully. Give enough.

## Time Element to Limit U.S. Entry In British Open

Qualifying Plan Will Force U. S. Golfers to Be Abroad Six Weeks.

By F. A. Wray, International News Staff Correspondent.

LONDON, Nov. 13.—Americans are going to find it more difficult to enter the British open golf championship in the future, for the simple reason that they are going to find it more difficult to find time to compete for this honor. Under the conditions which are being laid down for next year's British open championship, American competitors will have to be prepared to be away from the United States at least six weeks, and there is even a chance that they may have to choose between competing in the British open championship and the American open championship.

Qualifying competitions will precede the British open championship at St. Andrews next summer. These qualifying competitions will be held a full two weeks before the championship proper, which means that any American who wishes to compete must arrive in England by the middle of May to have a week's practice on the course. Once having qualified, he will have two weeks for further practice before the championship is held. At least three qualifying tournaments will be held next year in different parts of the country. This has been made necessary by the huge field which now enters this competition every year. Americans may enter any one of the qualifying competitions which they find most convenient. It has been suggested in some quarters that danger of a conflict might be avoided if the American open championship date was set for a time at least two weeks after the British championship.

# PIKER AND BILLIKEN ELEVENS IN CONDITION FOR GAMES TOMORROW

## Rolla Expected to Give Washington Hard Battle; Loyola Has Passing Team

Thrasher at Guard and Senne in Backfield Only Changes Made in Lineup by Coach Higgins — St. Louis U. Is Given Hard Defensive Drill.

By John H. Alexander.

The Rolla Miners and Loyola University of Chicago, strengthened by a two weeks' layoff in preparation for tomorrow's games here, will find themselves opposing well-conditioned teams in Washington University and St. Louis University, respectively, despite the fact that the local elevens had hard games last week.

Halfback McDonald will be the only regular missing from the piker lineup and the Billikens will be minus Tom Sweeney, who was put out for the season by a leg injury at Detroit. Otherwise the squads are in condition and at the top of their form. Ed Jordan, O'Reilly's understudy a quarterback on the St. Louis U. team, may not play because of a twisted ankle, but a substitute for O'Reilly is rarely necessary.

Pikers Given Light Work. Coach Higgins put the Pikers through a light scrimmage last night after a long session at running signals. Two squads were in action, one headed by Al Hayes and the other directed by Millard. Washington's starting lineup will be practically the same as the one which opened against Missouri last week, except that Thrasher will replace Hannibal at guard and George Senne will be in McDonald's place at halfback.

Coach Savage drilled his men far into the floodlight period on a defense against Loyola's forward pass formations. In a dummy workout, he put his starting backfield on the defensive and the freshmen, with assistant coach Bob Hannegan on the throwing end, tried out the various forms of aerial attack until the coach was satisfied with the variety backs' performance. Capt. Ramonclotti, Rippetin, Lewis and O'Reilly did the defensive work. This afternoon the other backs will get a similar dose of tutoring.

Both Rolla and Loyola have

## Goulet to Rectify \$10,000 to Ride in Six-Day Bike Race

By the Associated Press.

NEW YORK, Nov. 13. —FRED GOULET, the Tasmanian six-day bicycle racer, signed a contract yesterday to compete in the six-day bike race which gets under way at the New Madison Square Garden Nov. 29. It is understood that Goulet will get \$10,000 for riding the race and an extra bonus if he wins. In addition he will pick his own partner for the grind.

Goulet has won 12 races, has finished second in three and fourth in two. He has captured first honors in New York eight times, once in Chicago, once in Paris and twice in Australia.

spectacular backfield. Lee, Ledford and Lemon of the Miners caused the downfall of the Billikens. Loyola has a pair of brilliant sprinters in Eddie Norton and Cronin. Cronin, playing against St. Ambrose, intercepted a pass behind his own goal line and ran 102 yards for a touchdown. His work here last year was especially notable.

Ramonclotti and Levy, Billiken and Piker captains, will start at fullback for their respective elevens.

## Webster Eleven Favored to Beat University City

Defeated Eleven Will Be Eliminated From County League Title Hopes.

The center of attraction in the County High School League football games tomorrow will be the University City-Webster game, on Webster Field, at 2:30 p. m. Another league game of less importance will be played by Normandy and Kirkwood, at Normandy, at the same time tomorrow. The Webster-Clayton game has been postponed to next Wednesday.

Webster is defeated tomorrow, it will eliminate that team from championship hopes since Clayton would have a greater percentage even if it lost one contest, than would Webster. University City has already been eliminated, having lost two battles.

**Webster Team Favored.**  
On comparative scores, Webster is conceded the advantage over University City. Webster's victory in the championship game since Clayton would have a greater percentage even if it lost one contest, than would Webster. University City has already been eliminated, having lost two battles.

On comparative scores, Webster is conceded the advantage over University City. Webster's victory in the championship game since Clayton would have a greater percentage even if it lost one contest, than would Webster. University City has already been eliminated, having lost two battles.

Kirkwood should not have much trouble in defeating the crippled Normandy team. Four of the Normandy regulars are out. Kennicott, Johnson and Sullivan, will be unable to play for various reasons. Capt. "Flipper" Dammernan, quarterback, has a broken shoulder and will not play for the remainder of the season. University City is improving with every game, recently defeating the strong St. Charles eleven, 28-0. None of the Kirkwood stars, however, since Capt. Murphy, fullback, has recovered from his sprained ankle, which he received in the Staunton game.

## Ritenour Easy For Maplewood

Victors Score 32 Points; Defeated Team Makes Field Goal.

Maplewood advanced one more step in the County High League football race yesterday by defeating Ritenour, 32 to 0, on the Ritenour field. The game was all Maplewood's from the beginning, with two touchdowns coming in the first quarter, one in the second and two in the third. Ritenour scored its only points late in the last period. The winning eleven, playing without the services of Capt. McClannahan and Faulkner, both backfield stars, had little difficulty in downing the light Ritenour team. Maplewood advanced on straight line plunges at the start to the eight-yard line, where Kimmel took over. Mutschler followed shortly after to score the winner's second touchdown.

In the second period, Gussosky gained 30 yards on a tackle-around play to put the ball on the Ritenour third yard line. On the next play, Gussosky was called back to full, and he went over to add six more points.

**Ritenour Scores on Sub.**  
Halbrook and Kimmel made the last points for Maplewood, both touchdowns, in the third quarter. The Maplewood subs were scored on by Ritenour in the final period. Ritenour completed the longest pass of the game when Foster hurled to Lindsay for 25 yards, to place the pigskin on Maplewood's 30-yard line. Foster went back to punt, but changed his mind and lifted a pretty boot over the bar for three points.

## OHIO STATE TO ERECT TEMPORARY SEATS FOR GAME WITH ILLINOIS

By the Associated Press.

COLUMBUS, O., Nov. 13.—For the third time in four years the "standing room only" sign has been hung out at the Ohio Stadium. It was first used for the dedication game in 1922, when 71,385 persons officially passed through the turnstiles, besides unnumbered hundreds more who literally crashed the gate and broke down a temporary fence.

Last year it was hung to breeze a second time for the home coming game with Michigan. The official attendance this time was a few more than 60,000. These two crowds are the greatest in Western Conference history. But after a final check of orders on hand, Ohio State athletic officials today confirmed their previous suspicions that all tickets for the 1925 homecoming game next week, with Illinois as the attraction, are exhausted.

Enough orders are on hand, they said, to take all of the temporary seats to be erected within the field. Ten thousand standing room tickets will be placed on sale shortly before game time a week from tomorrow.

**"Pro" Player Breaks Leg.**  
NEW YORK, Nov. 13.—Earl Pottenger, former University football star but now wearing the mole skins of the New York Giants, broke his leg in a pro game at the Polo Grounds, Tuesday. The break was not discovered until today when X-ray photographs revealed the fracture. His home is in Potlatch, Pa.

## RAY'S COLUMN

IT CAN BE DONE.

THE Sergeant Adams-Romero bout at the Odeon proved to the satisfaction of all present that fighters unaccustomed to St. Louis' strict ring rules can fight well and interestingly without constant efforts by the referee to goad them to box.

Stalling and pretending fighters by the score have come here and slipped us the explanation that they were "hampered by St. Louis' strict interpretation of the rules."

But the Chilean heavyweight, trained in Eastern rings and by no means clever, fought as clean a contest as one could wish, in the face of constant fire of exasperating jabs and jolts from his opponent. Adams was equally clean.

The referee's job was a sine-cure.

Why, then, cannot all the fancy steps from the East, and some products of our own gymnasium, such as Peeewe Kaiser, conform to the rules which make for an open and enjoyable contest, when lived up to?

**By Way of Contrast.**  
ON the Odeon program was an exact opposite of the Romeo-Adams bout. It was the wrestling horror between Mann Dugan and Bryan Porter. It was a fine object lesson to those amateurs who nag referees by shouting "Let 'em fight," when they really mean "Let 'em wrestle!" Referee Sharpe, disgusted, permitted the men to struggle along as best they could, with the result that the spectators boomed and kidded the gladiators. This fight was the only dark spot on a bright program, all due to the fact that the "wrestlers" were allowed to fight as they willed.

Or, perhaps, it really was the only way they knew how to fight. If it was, then the curtains should fall forever on exhibitions by Porter and Dugan.

**At Last.**

BAN JOHNSON has come out against circus seats on baseball fields, during a world's series. They distort form, create freak home runs and violate the regulations governing championship play.

It's rather late for Ban to take this stand. But better late than never. This column pounded on this point 15 or more years ago, without avail.

What should be done is not to bar bleacher seats on the playing field for the world's series, but to bar removal of any kind on any field, in any championship game, whether during the season or not.

Any situation that requires ground rules alters the complexion of baseball and is absolutely unfair to spectators and to the teams. It should be tolerated no more than spectators on the field would be tolerated at an international soccer match in England.

A joint meeting of both

HOW OUTDOOR MEN TREAT MUSCLE-STRAIN  
Sprains, bruises, rheumatism also yield to this treatment

Outdoor men who do hard muscular work, who undergo exposure and risk of accident every day, know how necessary it is to give prompt attention to muscle-strain, bruises, sprains and other injuries. A member of a survey party, sent out by the government of British Columbia to do sub-division work three hundred miles from civilization writes: "The chief of our party with rare foresight brought along as a part of our first aid supply a bottle of Sloan's Liniment. And through weeks of exposure and hardship we found it our best help for sprains, bruises, stiff muscles and rheumatism." Sloan's gives real relief because it doesn't just deaden the pain. It helps your body to throw off the cause. Just a little Sloan's rubbed on lightly—and a healing tide of fresh new blood is sent right to the place that hurts. The aching and stiffness are helped right away. Get a bottle from your druggist today—35 cents.

## Elzene Montrose Does Best Work

St. Louis Owned Setter Also Has Chance in Sparta Field Trial.

By A. F. Hochwalt.

SPARTA, Ill., Nov. 13.—All of the 25 setters and pointers competing in the Independent Clubs' Bird Dog All-Age Stake have run their preliminary heats and by noon today the winners will be selected. The second series or final heats may consist of five or six, as there are a number of dogs which may have a chance to win the money.

The setter, Elzene Montrose, owned by Fred H. Chaffield of Cincinnati, O., did the best and cleanest work on game, making two snappy bevy finds. Next to her was the pointer Tramp Irwin, owned by E. J. White of Portsmouth, Va. The setter Miss Patsy Whitestone, owned by S. G. Wilson Jr. of St. Louis, is also a contender, for she also handled game, although her work was scarcely as finished as that of the other two. Besides these are the Irish setter Ogalalla Prince, owned by F. J. Lefferding of Hickman, Neb., and the pointer Cincinnati Pat, handled by W. H. Martin of Springfield, Mo.

There is a possibility that some of these dogs will figure in the money.

leagues surely ought to perform this plain duty once and for all.

## More Food for Thought.

AND while the joint session is on the job here are some other bits of housecleaning it might do:

Give the fans a score board that will tell hits, errors, and official rulings on disputed points.

Install an announcing system that will enable everyone in the park to know what's going on.

Provide the public a score card that's accurate and give it to fans free.

Reduce the price of world's series tickets and give the fans a finger in the "million dollar" world's series pot.

## Last Night's Fights

HARTFORD, Conn. — Bobby Garcia of Baltimore knocked out Johnny Kucharsky of Havana, N. J., in the sixth of a 10-round bout. They are featherweights. LOS ANGELES.—Jackie Fields, former Olympic featherweight champion, was knocked out in the second of a scheduled 10-round fight by Jimmy McLarin, Oakland bantamweight. PEORIA, Ill.—Rae Piece of San Diego outpointed Frankie Burns of Milwaukee. Other results were: Johnny Battie of Des Moines vs. Billy Lomont of Milwaukee, draw; Tony Caponi of Springfield, outpointed Bobby Blaine of Havana; Camp of Kewanee fought to a draw with Rocky Pancho of Pekin.

## Jimmy Goodrich Is Offered Bout

Sought for Title Bout With Vincentini in New York on Dec. 23.

By the Associated Press. NEW YORK, 12.—An offer to Jimmy Goodrich of Buffalo, N. Y., to defend his lightweight championship against Louis Vincentini, of Chile, at the Xmas Fund Boxing Show at Madison Square Garden Dec. 23, will be made today by matchmaker Jess McMahon. The bout will be 15 rounds to a decision.

McMahon plans to fill out the card with bouts between Sammy Mandell of Rockford, Ill., and Sid Terris of New York; Tommy Milligan, welterweight and middleweight champion of Europe, and Willie Harmon, New York welterweight, and George Godfrey, negro heavyweight, and Bud Gorman of Wisconsin.

## WALKER SOUGHT FOR BOUT WITH MILLIGAN

By the Associated Press. NEW YORK, Nov. 13.—New York promoters are waiting to hear from Jack Kearns, now in Los Angeles, regarding a welterweight championship fight between Mickey Walker and Tommy Milligan of England. The fight has been planned for the Christmas fund card of December 23.

## Gene Riley and Krall Matched

Hard-Hitting Southpaw and Former Amateur Champion to Box at Coliseum.

Negotiations concluded yesterday for a six-round bout between Gene Riley and Frank Krall, local lightweight punchers, completed the program of four professional boxing contests to be staged under the direction of Matchmaker Gene Straus at the New Coliseum arena next Thursday night.

Riley and Krall have been booked for the first preliminary. Both are recent graduates of the amateur game. Riley, who is known as a southpaw slugger, earned a place on the New Coliseum bill by his spectacular knockout victory over Al McCoy at the Odeon last Wednesday night. Krall captured Western A. A. U. championship honors in his class last April. The lightweight duel will precede a battle between Harry Ritter and Lester Martin, local welterweight scrappers who will compete for city championship honors in the first of three 10-round contests. Morris King and Johnny "Pee-wee" Kaiser, contenders for local title laurels in the bantamweight class, have been matched for the second 10-round attraction. This event will be followed by the bantam feature, which brings together Tommy Ryan of McKeesport, Pa., and Carl Tremaine of Cleveland, O. Tremaine is due here Sunday afternoon, while Ryan is scheduled to arrive Monday morning.

## CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Benjamin Kuhlmann, St. Charles, Wed in St. Louis.

Mr. and Mrs. Benjamin Kuhlmann, 151 North Third street, St. Charles, celebrated their golden wedding yesterday at St. Peter's Church.

Mr. F. X. Willmass celebrated high mass. Three grandchildren served as flower girls.

Kuhlmann, a retired mechanic, is 75 years old. His wife, formerly Miss Viola Haake, is 73. They have lived in St. Charles nearly all their lives and were married Nov. 11, 1875, in St. Louis, in the Holy Trinity Church, by the Rev. Father Brinkhoff. Five of their 11 children are living and there are 13 grandchildren.

SALOONMAN DIED ACCIDENTALLY

Verdict in Case of Michael Woods—Murder Case Witness.

A Coroner's jury verdict of accident was returned today in the death of Michael Woods, proprietor of a saloon at 3380A Easton avenue, who died recently from injuries suffered in a fall down a flight of stairs.

Woods was a witness for the State at the trial of John Neary, who was convicted of the murder of a policeman who caught him in an attempt to hold up Woods' place of business.

ITALIAN PARLIAMENT SESSION

Mussolini Calls Meeting for Nov. 18 to Take Up His Bills.

Copyright, 1932, by the Press and Political Publishing Co., Inc., New York, N.Y., and Post-Dispatch, St. Louis, Mo.

ROME, Nov. 13.—Premier Mussolini conferred with leaders of the Chamber of Deputies yesterday and decided to convene Parliament Nov. 18. The Government will present various bills at the first session.

One will take measures against voluntary exiles involved in propaganda and conspiracies against the Pacific regime. Another will fix the powers of the Government's chiefs according to the duties and requirements of the actual regime.

A third bill recognizes labor syndicates and magistrates; a fourth defines prefects' duties and a fifth provides for constitution of provincial councils of national economy.

**DIVORCE TO EVERY 6 MARRIAGES IN ILLINOIS**  
11,818 Weddings Were Performed and 12,657 Divorces Granted During Last Year.  
WASHINGTON, Nov. 13.—For every six marriages in Illinois last year, there was one divorce, according to an announcement today by the Commerce Department Census Bureau, which revealed that in comparison with 1923 the number of marriages decreased while the number of divorces increased.  
Last year 81,918 marriages were performed and 12,657 divorces were granted. In 1923 there were 88,668 marriages and 12,217 divorces, or slightly less than one divorce for every seven marriages.  
The decrease in the number of marriages was 2150, or 2.6 per cent, and the increase in the number of divorces was 1440, or 10.9 per cent.  
As might be expected, the proportion of divorces to marriages was higher in the cities than in the rural districts. Chicago had the highest ratio with one to 4.9 in 1924, when there were 8155 divorces and 39,433 marriages; in 1923, when there were 7032 divorces and 41,824 marriages, the ratio was one to 5.9.  
Monroe County, down in the southwest part of the State, had the highest divorce, even though there were three times as many divorces there last year than the year before. In 1924 there were 162 marriages and three divorces; in 1923 there was only one divorce to 529 marriages.

**Artist Exhibits Painting of Indian Buffalo Hunt**  
Soldiers Never Conquered Redskins, He Says, But Scarcity of Herds on Plains Caused Defeat.  
Special to the Post-Dispatch.  
TULSA, Ok.—"American soldiers never conquered the Indian; the slaughter of the buffalo led to the defeat," says Herbert Duntun of the Taos group of artists who is in Tulsa with a handful of portraits of distinctly Western types.  
This is Duntun's second exhibition in Tulsa at the Vandever galleries. This year he brings what Duntun himself considers the "best one-man show I have ever exhibited anywhere. Among the group is a large canvas, "The Buffalo Signal."  
In the spring the Indian tribes "broke camp" and started in search of the buffalo, which meant food, clothing and shelter to them during the winter. The women, the children and the older men of the tribe moved in the rear of the vanguard of young braves who scouted for buffalo.  
Duntun's canvas pictures the advance party zigzagging to the tribe in the rear that Buffalo have been sighted in the valley below. The little group of horses and Indians are silhouetted against a blue sky, lucid with the first warm sunshine of spring.

**QUESTIONS ANSWERED--Radio**  
**ANSWERS TO QUERIES**  
The Post-Dispatch reserves the right to reject any query. Personal and telephone calls, or answers by mail, cannot be given attention, except letters on medical questions of undoubted sincerity when accompanied by stamped addressed envelope.  
INQUIRY.—Nov. 17 has been set by the Students' Council of Missouri University at Columbia for the student vote on compulsory military training at that institution.  
D. B.—The following preparation will remove oil and grease from parts: 1 part of best white soap, shaved, and sufficient water to make a lather. Dissolve the soap in the warm water, using from 10 to 12 parts. Mix the benzol and kerosene, add the soap solution, a little at a time, shaking up well after each addition. If the liquid is slow in emulsifying, add at one time from 10 to 20 parts of warm water and shake it violently. Set the emulsion aside for a few days, or until it separates, then decant the superfluous water and pour the remaining paste mass, after stirring it up well, into suitable boxes, and use as needed.  
J. C. C.—The World's Fair, Exposition, was held in Chicago from May 1 to Oct. 30, 1933. On April 25, 1893, a bill was introduced.

**LEGAL INFORMATION**  
(By a Member of the St. Louis Bar Association.)  
A. F. M.—You cannot sell your bonus certificate or borrow money on it until the two-year period has elapsed.  
ANXIOUS.—The wife can obtain a divorce if she had good cause for leaving with the child.  
L. A. Y.—Write to the Commissioner of the General Land Office, Department of the Interior, Washington, D. C., for full information as to the homesteading of lands.  
ANXIOUS.—No written notice of an increase in rent is necessary, but the tenant does not have to pay the increase unless he agrees to do so.  
W. M. T.—(1) The deed to the property is not changed by a certificate of title.

**MEDICAL QUESTIONS**  
Health and sanitation questions of public interest only will be considered. Diagnosis or treatment of individual cases will not be given.  
THANK YOU.—The loss of hair from the disease will be remedied when the disease is cured. Ordinarily about a year is required for a cure. The figures which you note refer to a test for the disease somewhat like the Wassermann only more delicate. "The number refers to the severity of the case."  
MRS. P. M. R.—In an operation for sinus the cavity is treated by medicated applications or curetted (scraped out), or both. The average time for such an operation is about one-half hour. Local anesthesia is either applied by spraying or mopping it on, as on a mucous surface, or by the use of a device which the operation is to be performed.

By a Special Correspondent of the Post-Dispatch.

NEW YORK, Nov. 13.—The stock market fairly boiled again today with the volume of transactions well up to the record and with high prices in all directions. The railroads, steel and oils took the lead from the motor stock. The last named fell back as the session went on suggesting profits were being put into other hands. Leaders like U. S. Steel, New York Central, Baltimore & Ohio, Atlantic Coast Line and New Haven closed right up to the top.

Most of the oils were popular move. Nothing could have been more calculated to stir up again public interest in the market which had begun to waver after the sensational drop in the motor stock. Garland, Mid-Continent Petroleum, and Skelly made new highs. Independent Oil and Gas was very strong and so was Standard Oil of New Jersey. The price of new stock of Phillips Petroleum there was balanced so far market effect was concerned by the increase in the dividend from \$2 to \$3.

New York Central crossed the top for the first time, its upturn reviving discussion of the possibility of a dividend increase at the December meeting. Baltimore & Ohio passed the \$9 mark, which brought it into the high price class. Other rails which did better than last year have this year included Norfolk Western, Lehigh Valley, Great Northern preferred, Northern Pacific and Ann Arbor. The latter had the big turnover. It reached the 40 level, was selling at top figures. The buying movements extended to Canadian Pacific, Union Pacific, Southern Railway, Pennsylvania, Southern Railway, Chesapeake and Ohio and Atlantic Coast Line.

Although the market was longer dominated by extravagance fluctuations in the oil advance. Dupont pressed forward over 11 points and Chrysler, Mack Trucks and Fisher Body were up about 10 points. The General Motors expected the \$5 extra on General Motors that the announcement after the close of business Thursday brought in selling rather than buying.

United States Rubber, again a feature, crossed 98 before the close.

### The Bond Market.

NEW YORK, Nov. 18.—The bond market today was a previous sessions this week, developed a pervasive strength in both high-grade savings bank first mortgages and investment grade corporate issues, strictly investment railroad issues. The buying it was generally understood came from large brokerage interests rather than from direct investors.

A wide range of issues was included in the demand. Atlantic Coast General was up a half point on reports that Laidlaw was to be sold at \$100 a share. Southern Pacific refunding 4s, Atlantic City Line Consolidated 4s were felt to be as bonds such as Rock Island

# The Darling of Destiny

By MILDRED BARBOUR

## CONCERNING THE ACTION AND THE CHARACTERS.

Sue Drummond, impetuous unsophisticated young Southern girl, on the death of her father, prepares to leave her old Aunt Sally, a spinster relative, and her childhood sweetheart, Tom Sheldon, an ambitious young farmer, to live on Long Island with Mrs. Blanchard, sister of Sue's father, whom he had not seen for 20 years. Col. Blanchard, a stock market speculator, and their family; Roger, who aspires to be a playwright; Joan, interested in welfare work, and Josephine, temperamental and flirtatious, who quarrels with Jack Adamson, her husband.

## CHAPTER V.

### "Little Miss Innocence"

It was Sue's first dinner party. Mrs. Blanchard had seen to it that one of Joan's gowns was provided for her. It was a little soft green frock that brought out the glints of gold in Sue's fair hair and intensified the creaminess of her flesh. She looked at herself in the mirror with shining eyes. She knew she was pretty; the sense of her own beauty had an intoxicating quality. She looked at her bare throat and felt the woman's eternal instinct for adornment; the only ornament she possessed was a little string of corals which her father had given her. She held them against her gown and felt acutely their inadequacy.

Suddenly she remembered the lovely pearls in the bag of the mysterious woman whom she had encountered on the train. She had spoken to no one of the incident, and in the excitement of meeting her new relatives and becoming established in a novel environment, she had not even looked at the jewels.

Now she got out the bag and searched through it carefully for some mark of identification; there was nothing to distinguish it from a million other bags carried by well-to-do women.

Sue was puzzled to know what to do. It was futile to try to find the woman, and it was obvious that the woman could not find her, since she had not even asked her name or whether she was stopping in New York. In view of the situation, Sue decided that she was not doing wrong in wearing the pearls, even if they did not belong to her.

The sight of the pearls around her throat made her eyes shine; against the green of her gown, they gleamed with a fiery transience. Joan called her, and, throwing a scarf around her shoulders, Sue ran downstairs to join the family in the car.

The other guests had already arrived when the Blanchard family came in. Tony was there, and Haskins, the theatrical manager. Josephine's husband was mixing the cocktails. There were several girls about Sue's age, very elaborately made up, in extreme décolleté, and inclined to be rather peevish toward Sue.

When the latter removed her scarf, she noted with a sense of embarrassment that all eyes were turned to the ornament around her throat.

"My dear, what gorgeous beads!" exclaimed Josephine. "Wherever did you find them? I have been looking for something like that for ages."

"Why—I have had them for some time. They were a gift." In spite of herself a little betraying flush crept into Sue's cheeks. Josephine exchanged a significant glance with the other two girls, then turned to her husband.

"Well, now for the cocktails. Jack, you are awfully slow."

"Which do you prefer, Miss Drummond. We have Bronx and some gin fizzes?"

Sue Drummond

hilariously: in fact, he became quite red in the face and had to wipe the tears of mirth from his eyes. "See here, young fellow, have you been hitting it up this afternoon?" demanded his brother-in-law. "If so, you'd better slow down on the drinks, because I am not going to put you to bed again like I did at our last party."

Roger went over and seated himself beside Sue; he looked at the empty glass in her hand and then at the cool, guileless face above it. "You are a wonder! You know, I'm getting to be afraid of you. That was the nearest trick I ever saw. How did you like it?"

"It was very refreshing, thank you." He shook his head hopelessly. "Refreshing, oh, my word! Jack's gin has a kick like a mule."

Sue smiled. She was not ready to explain to this newly met cousin the reason for her ability to manage the cocktail so neatly.

It was much later in the evening, when the coffee had been served and drunk and Josephine's guests had drifted away, two by two into the fragrant recesses of the garden, that Haskins came over to Sue, who sat demurely beside Mrs. Blanchard.

"May I take her for a stroll?" he asked the latter. "There is going to be a moon, but I won't promise that it is the pretty moon you have in Virginia. However, let's go out and take a look at it."

"Be very careful of her," Mrs. Blanchard admonished him. "Remember, my niece is a very young girl and she does not know anything about the world. Don't say shocking things to her like you do to all the rest of us."

"Dear lady, my bark is much worse than my bite," he told her laughingly. "I'm not so sure of that—but, no matter, take care of my little girl."

He offered Sue his arm, and together they strolled out on the terrace. The moon was just rising between two pointed poplars at the end of the garden; it silvered the water of the sunken pool.

"Tan shoes may be polished beautifully with the inside skin of a banana peel. Rub all over the shoes and then polish with a soft cloth. The peel will clean the shoes so that they look like new."

Cut off the feet and use the legs of old stockings for sleeve protectors when doing clerical work. They can be removed when the work is finished along with the big apron, and you are presentable even if you have been doing "dirty work."

Knives of stainless steel are a joy for kitchen work. A bit of toasted bread added to the too-salty soup will absorb a great deal of the salty taste.

On a plate of pepperoni will be avoided by mice and the odor of it is very refreshing in the kitchen cupboard.

Never apply polish or wax to hardwood floors without washing the wood well first with soap and water.

Pineapple and Fish Cakes. Open a small can of tuna fish, drain, remove all skin and bone then flake it fine. Add to it pepper, salt, juice of an onion, a teaspoonful each of minced red pepper and celery leaves. Add a half cupful of finely minced fresh pineapple, or two slices of minced apple, and drain. Season with onion salt, made without mustard, to bind the mixture. Spread the toast on it a tiny leaf of crisp dry lettuce and spread some of the mixture on it. Garnish with a tiny rolled anchovy dusted with paprika, or a stuffed olive.

and touched the flowers with an eerie radiance. The terrace was bathed in moonlight, and the clustering shrubbery made the rest of the garden dark and cool and shadowy. The uncle of a banjo drifted up to Sue and Haskins, and a tenor voice singing "Pale Hands."

"That's Roger doing his stuff," Haskins indicated the direction of the song. "He is a marvel with the moon and a banjo. Why do all women fall for tenors?"

"But I don't care for them at all," protested Sue. She sank into the nest of cushions he arranged for her in a wicker garden chair.

He seated himself beside her so that his own face was in the shadow, while hers was bathed in moonlight. He had the air of one about to do a little expert analyzing. Women who knew Haskins could tell how cruelly he used the scalpel, how inexorably he laid bare the recesses of a soul. Though he was not given to boasting, it was a well-known fact that he believed no woman could deceive him or beguile him into even temporary trust. As a theatrical man, he saw beauty hourly and discounted it for what it was worth. He believed that all women have their price, and a material price at that. For that reason, he rarely played a game or wasted time with extraneous preliminaries. And, because life and love were easy for him, he valued both very lightly. Each woman lasted with him only until the next one came along; he was utterly ruthless in casting aside broken toys which bored him.

But despite his experience and his position as a connoisseur of women, he never grew weary of the game, and some bit of charm—a pliant face, a pretty ankle or a rounded shoulder—set him off on the chase again like a well-trained hunting dog. Unlike most men of his type, he held no brief for youth and freshness, claiming that these qualities bored him inexpressibly. Yet something about Sue had made him refuse the obvious willingness of one of Josephine's young friends to drift off with him into the seclusion of the garden, and had held him back to seek out the naive little Southerner.

With an abruptness that was one of his salient characteristics, Haskins dropped the subject of tenors; he leaned over and touched Sue's necklace with an inquisitive forefinger.

"That's a lovely thing. Is it an heirloom?"

Sue was puzzled about the interest which her ornament seemed to excite, but she answered evasively. "No, some one gave it to me recently."

He stared at her hard, and there was a slow, significant question in his eyes.

"Who gives you real pearls, child?"

Sue was startled, but she hid her amazement well.

"What makes you think they are real?"

**MIRACLES.**  
"THE day of miracles is done," we shake our heads and say, "nowhere beneath the shining sun are wonders worked today. There is no ladder made of light where angels may descend, no fiery pillar shines by night to guide us to the end." The world has grown too old and wise to look for such strange things as were in long-dead dynasties in old forgotten springs. "No miracles will come again," we say, and do not see the miracle of springtime rain that wakes the sleeping tree, the miracle of April's call that stirs the dreaming seed and brings the linnets' madrigal to still our spirit's need; the miracle, unfolding still, that with man's self began, of the sublime, unconquered will that moves the climber, man. So many miracles we see, they crowd on every hand, so many a lovely mystery upon the sea and land.

**Highwaymen Coats.**  
Not a few women now are matching their highwayman habits with highwaymen coats. The designs so popular with Dick Turpin and his companions have come into vogue again and the coat with the short cape is seen on many a motor-highway. The favored material is a brown-green repp, with the capes and cuffs and bottom banded with leopard. The coats hang well, much better than the ordinary convicted bandit.

## 'Sally,' One Time 'Sarah'--Or Why Girls Make Up

SALLY DECIDES SHE QUESTION-MARK A "WHAT IS IT?" A "NEUTRAL" JAY OF MAKE-UP?

LOOKS LIKE A "NEUTRAL" JAY OF MAKE-UP?

AND SHE INVESTS IN COSMETICS!

AND AFTER AN HOUR BEHIND LOCKED DOORS SALLY!

If you were the only girl, or one of what seemed like a slim half-dozen of girls, who had white powder on your face, geranium rouge on your cheeks, raspberry pomade on your lips and dark grease on your eyebrows, and every other girl in the world but you had absolutely not a thing on her face but the shine from soap and water and its expression, wouldn't you begin to feel like a red tie on a Puritan's coat, or a steam calliope in a mountain-meadow?

Well, it has almost come to this, critical brothers, that the direct opposite of this fanciful "situation" is looking us in the eye this minute. That's why girls make up. I mean MORE and MORE girls "make up." Very nearly, "nearly" enough to make the three or four who hold up things hardly worth saying "ph" about, very nearly all the girls in the world that we know wear make-up. HEAPS of make-

up, just so-so of make-up (plenty of powder, a dash of rouge, and a hint of lip-red), and just a bit of make-up (a little powder, a breath of rouge and no lip-stick). Indians in war-paint, frightening the young of the land in their cradles; artists in color who recall Pompadour; and the timid and maybe clever ones who just barely touch the skin that the Lord gave them into a slight but perceptible beauty. But where the young lady is without ANY is a stretch of the country that is hardly likely you have been on.

And there's your secret when you wonder why they do it. Can you see that when every other fellow in the world is wearing a collar and tie you would be looking strange without one! No matter what a handsome neck you have on you!

A lovely creature I know, a girl of distinction, as fascinating as

an old Venetian head, with all her own, has taken to it, mind you, in moderation, and she said, giving up to it at last:

"With every other fellow seeming to be a VIVID picture, I felt like a faceless person—like a presence that nobody knew in history and novel as a 'ghost'! I had to—to be seen at all!"

So there you are—body loves a girl without make-up—or that I think she and red mask is sweet! I'm just telling you why she is Sally!

### Bobby Coon Uses a Clever Trick

Bird and beast and even man  
Use a neighbor when they can.

—Bobby Coon.

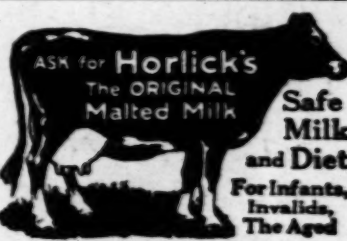

Bobby waited where he was

BOBBY Coon knew that the sensible thing for him to do would be to curl up in his hollow tree and stay there. But Bobby wasn't ready to do this. No, sir, it wasn't quite late enough in the season. Bobby wasn't through laying up fat. He still had an appetite. So, though he knew that hunters were looking for him by day and night, Bobby refused to stay at home. He slept most of the time during the day, but every night saw him out looking for more food in order that he might store up more fat under his skin.

But always Bobby was listening for the voice of a dog following his trail. It had happened at this season of the year every year since he could remember. Perhaps it was because Bobby always had escaped that he felt sure he could escape again. There were few tricks for fooling dogs and hunters that Bobby didn't know. He knew all the old tricks for which Coons are famous and he had added a few of his own. In a way Bobby looked on it as a sort of game. It always tickled him when he succeeded in fooling the dogs and the hunters. He never stopped to think of what would happen if he should fail to fool them.

One night Bobby's trail was picked up by that dog before Bobby had had time to get a mouthful to eat. In fact, that dog had picked up that trail right close behind Bobby. Under the circumstances Bobby was rather glad he had had time to eat. It was easier running on an empty stomach than it would have been on a full stomach. Still, Bobby didn't feel like running particularly that night and, furthermore, he wanted to eat, not run. So he looked about for the quickest way of getting rid of that bothersome dog.

### BRAISED FLANK STEAK.

Score a flank steak well on both sides. Make a paste of one teaspoonful sugar, one teaspoonful salt, ¼ teaspoonful mustard, and three tablespoonfuls vinegar, and spread over meat. Let stand two or three hours and place in baking dish with one cupful boiling water. Cover and cook in a moderate oven for two hours. Pour over the liquid and serve on a hot platter, or add more water, thicken and serve as gravy.

### MOCK CHERRY PIE.

One cupful raisins  
One cupful cranberries  
¼ cupful sugar  
¼ teaspoonful flour  
1 tablespoonful butter  
Pastry for a two-crust pie.  
Chop the raisins and combine with the raw cranberries cut in halves. Mix the fruit with the sugar and flour and fill a pastry-lined tin with the mixture. Dot with butter. Cover with an upper crust and bake.

The vogue for chiffon frocks still is being steadily maintained. They remain as popular as ever for dinner and theater wear. However, the latest models from Paris, instead of being made of brightly colored printed voile, are being carried out in plain black mousseline de soie and worn over a light satin slip of coral, turquoise or gold or silver lace.

## PEPPING UP PEPPERS

By NING

NOW here is a vegetable around the edge of each glass den the heart of any housekeeper—the green pepper is colorful, flavorful and gives these green peppers a desirable raw or cooked texture. They are a convenient way to add a dash of color and flavor to your meals.

Shrimps in Peppers. Boil cups cooked shrimps, fresh green peppers, one tablespoon butter, one onion, celery seed, one egg, one-half cup crumbs, six green peppers. Drain the shrimps and remove the seeds. Cut the peppers in half lengthwise and remove the seeds. Fill with the shrimps and bake in a pan, open up, and bake in a hot oven for 15 minutes.

Peppers With Scrambled Eggs. Three tablespoons eggs, three tablespoons two sweet peppers, three

Drain and chill, and add to the salad. Now add a dash of chopped celery, a dash of cooked string beans, a dash of olives, a dash of stables in French dressing half an hour, chilling the salad. Then drain. Pour the cocktail glasses and fill with the salad. Now garnish with the radishes laid in an oval.

Mash a well cooked egg and add to it a half teaspoonful salt, mustard and one spoon of paprika. Mix the egg with the egg and add a dash of chili sauce and a dash of vinegar. The salad should be chilled and then used as a teaspoonful of parsley and chives should be added. Now garnish with the radishes laid in an oval.

## DO'S AND DON'TS FOR BUSINESS WOMEN

By NELLIE E. GARDNER

**Spendthrifts.**  
ONE of the secrets of a well-ordered life is learning what to save and what to spend. You may be the wisest when you appear the most reckless-spendthrift.

Do you squander everything but money and still fancy you are economical?

Do you economize on dollars and keep no track of the hours?

Do you save money on clothes and squander your health?

Do you hoard your bank account and let your daily fund of humor slip through your fingers?

Do you cherish your investments and ignore the joy of life to which all of us have inherent right?

Spendthrift and saving are only relative virtues. It all depends where you place the emphasis whether the result you achieve is truly praiseworthy.

Are you saving money at the expense of recreation and sleep you ought to take?

Have you made a recent inventory of your nerves and disposition?

Health, unlike wealth, cannot often be recovered.

Success too often is measured in terms of salary alone.

And by a queer justice or fate—which the tyro in the business world will do well to remember—too much thought and effort spent on the mere acquisition of money seldom accomplishes it.

Start in tomorrow learning how to spend. Be a spendthrift in kindness. No telling how much the young girl near you needs a word of encouragement or help.

Be a spendthrift in giving information. Don't keep still when someone wants to learn some fact or some method you know. It will not decrease your store of knowledge to pass some of it on.

Knowledge, like muscle, seems to grow with use.

Be a spendthrift in exertion of your efforts for the advancement of others. It will not lower your prestige in the office if you go out of your way to help the newcomer who needs a boost. You were a beginner once. Don't let your memory go to sleep.

Be a spendthrift in love. Love far surpasses compound interest in its power of accumulation. Unlike a checking account, the more you draw on it, the greater will be your wealth.

tablespoons butter, salt and pepper.

Beat the eggs slightly, adding the cream, salt and pepper. Heat the butter and when hot add the eggs. As the eggs begin to cook, add the finely chopped pepper, from which the seeds have been removed. Cook slowly, stirring constantly, until the mass is creamy. Serve with toast points.

There are many pepper salad recipes, but this one is particularly useful, as it can play a double role.

**Cheese and Pepper Salad.**

One cup hard cheese, one-half cup finely cut lettuce, one green pepper cut in strips, milk or cream, pepper and salt, lettuce leaves, six chopped olives, boiled or mayonnaise dressing.

Put the cheese through a food grinder and moisten slightly with milk or cream. Add pepper and salt to taste. Add chopped olives, cut lettuce and strips of pepper. Press this mixture into the form of a brick and when cool and firm, cut in slices. Place on lettuce leaves and serve with boiled or mayonnaise dressing. This mixture is good also for sandwiches.

Dr. Blanche Haines, believed to have been the first woman municipal health officer in the United States, has been appointed director of the division of material and infant hygiene of the United States Children's Bureau.

## ODD FACTS

Five children of the same parents share 443 years between them. The eldest, a daughter, recently celebrated her 101th birthday, while the youngest is 53 years old.

The British Museum costs about \$1,945,000 a year.

Canadian orchards grow fruit worth \$24,000,000 last year.

A single female salmon of 30 pounds weight deposits nearly 30,000 eggs, of which about 4 per cent hatch.

While an Indian baby lay asleep in a hut in a crowded suburb of Calcutta, a jackal entered and carried the infant off.

The first aerial stowaway has appeared, when a 17-year-old lad hung on the wing of an army plane and was carried up into the air.

During the spring-cleaning of Buckingham Palace, London, the carpets in 500 rooms and endless corridors are all taken up and beaten by hand.

## THE DATE TREE

By HENRY SEEMAN

Nov. 13, 1833—92 years ago—The meteoric showers occur. From 1 o'clock in the morning until after daylight an unprecedented display of falling stars was visible from the Great Lakes to Central Mexico, being especially brilliant at Niagara Falls. In many parts of the country the people were terror-stricken at this exhibition of natural fireworks, believing that the end of the world had come.

## Children's Stories: Household Hints

**Pendants Are Proper.**  
Color in the modern frock of sober hue is an essential and the way in which the tone contrast is secured is immaterial. One of the latest methods is by the wearing of brightly colored galath pendents strung on a black ribbon. These are usually in jade, carnelian, turquoise and black, with a tassel of tiny pearls attached.

**The Golden Lizard.**  
For years prospectors, determined to make the desert yield gold, passed up the lizard, but that reptile now is yielding gold in increasing quantities. The vogue for lizard skin passed from shoes and handbags to dress collars and cuffs. Now it has become so insistent that whole jackets are being made of it for wear over tailored suits. The coats are warm, light and chic.

Valuable State documents stored in the Victoria Tower of the House of Parliament are so badly safeguarded that they are, in many cases, being attacked by fungus.

**Lacy Lingerie.**  
Lingerie flares at the bottom today just as dresses do. Remembering that the vogue for lace trimming which exists at present is easily explained. The flares are accentuated in chemises, step-ins and combinations by broad bands of filmy lace, posed against pink or rose georgette.

And Our Profit Sharing Plan Makes it Cost You Less

**WILSON'S Milk** is just rich, pure cow's milk—collected fresh daily from dairying farms—reduced to double richness by evaporating part of the water contained in milk—sealed in airtight containers and sterilized. In this convenient form, Wilson's Milk comes to you as fresh as the day it leaves the farm.

Wilson's Milk is economical to use. For all your cream needs, you use it as it comes from the can—and you save more than half the cost of cream. And for all your milk needs, add an equal amount of water (the water we remove by evaporation) and you have a milk that is richer than the legal standard for whole milk. Buy a few cans of Wilson's Milk from your grocer today.

Saving the blue and white Wilson's Milk labels is just like saving money. They make Wilson's Milk cost you less than other milk of the same high quality. Come to our premium room and see the many things you may get with Wilson's Milk labels—silverware, glassware, chinaware, cooking utensils, towelings and many other useful articles.

## The Man on the Sandbox

by L. C. Ramm

**THE PASSING SHOW.**  
"T" said that phoney coal is being sold To anthracite consumers in the East. It's been adulterated, we are told, And its efficiency thereby decreased. When winter winds are blowing fierce and cruel It's hard to fire up with bootleg fuel.

Red Grange was offered forty-thousand smackers To play three games of football as a pro; 'T would keep him many moons in cheese and crackers. But it is thought that Red will spurn the dough. For he can get some amateur employment, Where he will reap much profit and enjoyment.

The Prince of Wales is in mid-season fettle. He takes his daily header from his horse; But, while his subjects praise him for his mettle, They think he should adopt a safer course; In short, they'd like to see him shake the pony, And give a little thought to matrimony.

**QUITE SO.**  
See where the tailors' strike is ended. Both sides are satisfied in a measure.

The suggestion to run Red Grange for Congressman-at-Large is frowned upon. Hunning at large on the football field is different from running at large in the political field. The voters might throw him for a loss. Besides, Red isn't old enough.

"Youth Freed When He Proves He Was in Jail During Holdup." You can't beat that for an iron-bound alibi.

OH, BOISE!

A farmer near Boise, Idaho, recently got \$24,000 for 3000 bushels of potatoes. By the time they reach the consumer they will be worth about \$3 a karat.

HA!

The baseball diagnosticians have discovered that the cause of Roger Peckinpaugh's errors in the world's series was due to an injured finger on Bucky Harris' hand.

We shudder to think what poor old Peck would have done if the Goose had developed an ingrowing toenail on his throwing foot.

There is more to this game of baseball than meets the eye. Sometimes they even switch a man from center to right field to improve his batting average.

"Corruption in Dry Forces Charged by Reed." A sort of dry rot, so to speak.

This will be Red Grange's last year on the gridiron. Next year he will have his choice between the ice wagon or coach.

The people of affluence who move with the climate have nothing on the bird who spends the winter on the gridiron and the summer on the ice wagon.

"Says Act of Congress Forbids Use of Band." But what will become of the band wagon when the band wagon has no band?

This free music proposition is far reaching. The politician who climbs aboard a non-union band wagon is going to invite trouble for himself.

**ANOTHER CRISIS IN FRANCE.** THERE was a young fellow named Hano.

Who put twenty bucks in a bank; When he closed his account And withdrew the amount He put quite a crimp in the franc.

## 1600 POLICEMEN ARE TRANSFERRED BY BOARD ORDER

Sergeants and Patrolmen to Cover New Beats Within Own Districts, Beginning Tomorrow.

## CHANGE DOES NOT AFFECT DETECTIVES

Shift Is Second Made by Commissioners in Six Months to Increase Efficiency of Force.

A wholesale transfer of 1600 sergeants and patrolmen from precinct to precinct and beat to beat has been ordered by the Board of Police Commissioners and will become effective at 7 a. m. tomorrow, when the first of three eight-hour shifts goes on duty.

The Board instituted the policy six months ago when it moved sergeants and patrolmen within the boundaries of their respective districts, believing their efficiency would be greater if they were patrolling on strange ground among strangers, instead of on familiar ground where acquaintances and friends were numerous. The same thing is being repeated now.

If the policy continues long enough, each man will have covered the whole district, one section after another. For instance: a patrolman who covered beat No. 1 up to six months ago, when he was moved to No. 2, now is likely to cover No. 3.

The change does not apply to detectives.

**Two Captains Retired.**  
As forecast in the Post-Dispatch the board yesterday retired two Police Captains, a Sergeant, six patrolmen and a turnkey on half pay under the new pension plan, and promoted others to their places.

Capt. James Johnson, 73-year-old veteran of 46 years' service as a policeman, contested the formal charge of physical disability, which was lodged against all those retired. As he left the board chambers he told reporters: "I have missed only six days from work because of illness in 46 years; I haven't an ache or pain at present and never felt better in my life. I am able to fill any position on the force."

Capt. Wade H. Mathews, 57, on the force for 33 years, and the father of 14 children, some of them adopted, confessed disability. He intends to sell insurance now.

**Sergeant Denies Disability.**  
Sgt. Daniel Driscoll, 61, who was injured by an automobile about 18 months ago, denied the charge of Dr. Louis T. Plim, department examiner, that any permanent disability resulted, and he was corroborated by his personal physician, Dr. Rolla Y. Henry. He had been on the force for 33 years, and a Sergeant for the last 25.

Patrolmen Henry S. Griffield, 49, and Patrick Maher, 75, both former Sergeants, who joined the force together in 1885, entered and left the board room together. "I've been in the department for 40 years and feel like I'd be good for 40 more," Griffield said, and Maher nodded assent.

"I came down to get my diploma today, after 53 years on the force," said Patrolman Michael Bree, 74, as he entered the board room. "I got it," he remarked as he came out.

**Miller's Protege Promoted.**  
Others retired, all with service records of 25 to 50 years, were: Patrolmen Theodore Coleman, 70; Michael Doyle, 72; James Boyd, 69; Turnkey James G. Lavin, 63, a former Lieutenant. Patrolman Charles A. Tille, 59, was demoted to turnkey, and Patrolman John Hutton, 59, was given an office assignment at his present rank.

The Board promoted Lieutenants William H. Walton and John Glasco to captains. Walton taking command of the North Market Street District and Glasco remaining in charge of the Traffic Bureau. Walton, once was Assistant Chief of Detectives, but was demoted to Lieutenant by the Brockman board after he had performed certain duties for Victor J. Miller, former president and then treasurer of the Police Board. Miller, as Mayor, now is an ex-officio member of the board and is understood to have favored Walton's promotion.

Capt. Charles Loepker was transferred from the North Market to the Newstead Avenue District, and Capt. John Hoffman of the Newstead was assigned to field duty.

**Clerk Addresses Men.**  
Detective-Sergeant Benjamin Higginson was made a Lieutenant in the Detective Bureau, replacing Lieut. Andrew J. Aylward, transferred to the Carr Street District.
